Five Great Jewelry Gifts For Her

By Dylan Miles

Jewelry is the most romantic of all gifts. If romance is your end, then jewelry is the means to achieve it. The gift of jewelry speaks a thousand words: it talks about the seriousness of a relationship, the seriousness of one's intentions, and the amount of thought and passion invested in a gift selection.

When it comes to jewelry there are five gift choices: a broach, a pair of earrings, a bracelet, a necklace, and the ring.

1. The broach

A rule of thumb: jewelry items that are worn further away from the ring finger are less intimate. Jewelry worn closer to the ring finger are always more intimate, romantic and much more serious. With this in mind, a brooch is the ideal first-time jewelry gift. It is a jewelry item that is classy, without being misunderstood.

2. The earrings

Women have adorned themselves with earrings for thousands of years. Even multiple ear piercings are not new; Egyptian women loved wearing numerous earrings. As a gift, earrings can be casual or formal, depending on your budget and the impression you choose to make.

3. The bracelet

Bracelets are available in two kinds: wrist bracelets and ankle bracelets. Wrist bracelets are more personal and intimate, while ankle bracelets are more casual and fun. Ankle bracelets are also deemed a sexy jewelry, so it all depends on what impression you want to make.

4. The necklace

Necklaces, by virtue of being worn close to the heart, are romantic and intimate gifts. Necklaces can be stylish and trendy or classic and traditional. They can be short or long, they can come with or without a pendant. Adding a pendant to a necklace is an extra personal touch. Pendants can also be engraved with a message.

5. The ring

Rings are the ultimate in romantic jewelry gifts and almost always symbolize a new phase in a relationship. There are rings to suit every budget, mood, and message. Rings can also be fun and casual, but they are always intimate symbols of romance.
