Protect Yourself and Your Loved Ones From Carbon Monoxide Poisoning

by: edbishop

Children, the elderly, individuals with respiratory problems and pets are at risk, even at low levels.

Tips to protect yourself and your loved ones:

1) Install carbon monoxide detectors in your home

Be sure they are equipped with a professional carbon monoxide analyzer.

If they tell you they don't have one, find another company!

3 Do not use unvented appliances (kerosene heaters, barbecue grilles) in the house.
