7 Writing Muse Kickers to Fill Up That Blank Page

7 Writing Muse Kickers to Fill Up That Blank Page

by: **Shery Ma Belle Arrieta-Russ**

Nothing is more daunting for any writer than having to stare at a blank sheet of paper.

Some writers call this writer's block. But I call it the "Writing-Muse-Needs-A-Kick" syndrome.

Here are 7 writing muse kickers for you to try right now:

1. First Line: Begin a story with "There was once a chance I didn't take..."
2. Cliche Starter: Weave a story or poem around the cliché, "keep your powder dry."
3. Power of Metaphor: What does "a string of laughter" make you think of?
4. Proverb Mix: "Beauty breaks the camel's back."
5. Story Words: Use the words "pianist, pencil, high-rise building, running shoes" in a story.
7. Quick Prompt: Write about what you'd say to an uninvited guest.

How To Write Powerful Headlines

By Al Martinovic

How To Write Powerful Headlines by Al Martinovic

For example, I find a headline I like that goes something like this:

"Give Me 5 Minutes And I'll Show You How To Put An Extra \$1000 Into Your Pocket!"

In my swap file I would write it down using a "fill in the blank" approach:

"Give Me _____ And I'll _____!"

I could now take this generic headline and apply it to almost any business...

Car insurance for example:

Do you follow me...?

I mean gee... why reinvent the wheel? There are a ton of great headlines out there already!

Here's another example:

"Great New Discovery Kills Kitchen Odors Quick... Makes Indoor Air Country Fresh!"

In my swap file I would write it down using a fill in the blank approach:

"Great New _____ Makes _____!"

I could now take this generic headline and apply it to almost any business...

Weight loss for example:

"Great New Diet Pill Burns Unwanted Fat... Makes Dieting Easy!"

You'll never be stuck for a headline to write ever again!
