Consider everything done throughout our day, from the morning sun rise to the evening sunset, all is accomplished with some form of Care. We either Care about this or we don't Care about that. But still we do Care. We Care in some way, in some measure, and in some form.

Care can be so precious in thought and deed. This small word impacts our lives. Care is heard. Care is felt. Care is seen. Care nourishes each Soul and Spirit it reaches. Care a sincere gift that everyone eagerly receives. Care soothes. Care shares. Care waits.

To personalize this word takes very little effort. For our Heart is created to Care, as our Spirits and Souls respond to Care. We can all bring to remembrance when Care reached out to us. Allow its presence to flow again. Move with Care as a Friend and it will lead you. Share with Care and it will

replenish You; always providing more to give. For when you enjoy giving Care it will always be there for you too.
