Planning Your Walt Disney World Vacation

By I Henman

While it's always thought that children are the ones who dream of Walt Disney Vacations, there are adults that think of Walt Disney World as their ideal vacation spot as well. The greatest appeal for families to Disney has to be the ability to find something for everyone to do. Of course we're not just talking about group activities, but things for every individual too. This is probably one of the big reasons that families will go back each year, yet they never seem to get bored.

If you're seriously considering taking a Walt Disney vacation you should start your research on the Internet. Of course you can book a vacation right on Disney's website, there are other online travel sites that also have special family destination packages that might include Walt Disney world, as well as airfare, and hotels.

An important thing to keep in mind is that Walt Disney world vacations vary in price depending on the time of year you want to travel. Disney is also busier at particular times of the year than others. Choosing to go to Disney in the off season will often mean you'll get a better deal. It's a funny thing really, Disney never has a shortage of visitors whether it's peak season or not, yet you can always find a deal. This is likely another one of the big attractions as a vacation spot, there is always a good deal to be found.

There are a few ways to book your trip to Walt Disney world. First off you can book it online, via a travel agent or by phoning Disney. Each option has benefits, when calling the operator on the other end might be able to dig a bit deeper and find you a better deal than is available online or at your regular travel agent. If you do intend on calling to book your trip you should either call in the evening or early morning. Calling throughout the day is the busier time, and you'll be more rushed to book and get off the phone so that operators can serve other clients.

Another attraction to consider when planning your trip to Disney is the special events they hold. While you likely won't find a deal during those special events it can make your vacation that much more enjoyable. Attractions such as concerts for children under five, or special character appearances often occur but aren't part of Disney's regular attractions. Also keep a watch for Disney anniversary specials. Catching specials that don't happen all the time can create wonderful vacation memories, and be that much more fun for you and your family.
