America, Jihad is Coming!

By nevine Al Seidi |

Friday prayers on the 28th March lasted for hours in all mosques of Cairo (and all Islamic countries) pushing Arabs for Jihad. Jihad, is fighting in the name of God the enemy of God. The concept of Jihad (Arabic for Struggle) lies in the belief of the irrelevance of human life next to the interest of the land and the people. Any true Muslim believes in Jihad, be that a member of Al Qaeda, a member of Hizbullah or a member of a football team.

I understand how difficult it is to the Western mind to comprehend the idea of sacrificing your own life for an idea, a belief, or God. In the West, where the culture is about celebrating life and preserving it against all odds and gods, suicide attacks are merely incomprehensible.

Commenting on the Iraqi suicide bomber who lured four American soldiers to his cab handing them a bomb that killed him with them received a typical comment from Capt. Valles. He said: " I don't understand what motivated this guy to kill himself. To me, this is not an act of war. It is terrorism.. a man in a civilian vehicle killing himself at a checkpoint".

Nicknaming Jihad terrorism is very unlikely to make it go away. As long as there is Islam on this globe, Jihad in the name of it will live. No amount of threats, bombs, deprivation, destruction, so-called liberation wars or name-calling will stop it. The only thing that can stop Jihad is to back off from Islamic territory. Trust me on this one!

In Iraq, civilians are inventing ways of taking American and British life. Incredulous of such human sacrifices, both American and British media insist that the Iraqi army fight in civilian attire! The fact is that even women, housewives from villages are fighting the war with the Iraqi army which exceeds 1.5 million persons! You probably have heard of Mayssoon Hameed who shot an enemy tank using an RBJ she never used in her life. She became a national symbol in and outside Iraq. Call her a terrorist if it makes you any happier. Arabs are all Mayssoons, all terrorists to borrow your diction.

The danger that the American forces in Iraq is facing is that they are fighting 26 million Iraqis on their territory that covers desert land, villages and towns and cities. They are not fighting Saddam and his government. Those 26 millions happen to bear the nationality of descendants of the Prophet. In emergency time, they are bound to act as one against the enemy , no matter what sort of differences

existed among them.

Iraq has openly invited volunteers to defend Iraq from any and every Arab and Muslim country. Muslims are preparing to go to Iraq. There is a very serious doubt that coalition or conspiracy forces can tighten all borders to stop the trickle of Muslim volunteers into the battlefield.

The most dangerous face of jihad in a time like this uncovers in non-radicals, Christians and other-religion Arabs supporting it, yours truly included. All Arabs agree on one thing today: that a pan-Arabia is the name of the game. And like Victor Hugo says: " Greater than the tread of mighty armies is an idea whose time has come".

To worsen the best case scenario, America is bound to lose the war no matter how much destruction it achieves in Iraq. Winning the war means displacing a regime America hates by a regime that does not exist. All those opposition parties that are talking loudly from one European country or another belong to minorities, mainly Kurds. The population of Kurds belonging to various opposition parties are 5

million. Most of the Kurds do not want to rule Iraq, they want to take part of it to call Kurdistan!

America will be too naive to see a Kurd ruling Iraq one day. Worse still, the American army is not fighting an army but guerrillas. Those guerrillas are fighting in the name of God, not just Saddam. I can hardly imagine those substituting their belief in God by their belief in the American Jesus who is trying to save them by stealing their oil and distributing contracts to rebuild a country he has not yet conquered but has destroyed himself.

Jihad is coming.. and as Kissinger explains: " The conventional army loses if does not win. The guerrilla wins if it does not lose". Bush has introduced a second Middle East crisis to be sure. Iraq is not Afghanistan in any sense.

"Preachers of Love" Versus "Preachers of Hate"

By Robert Maegh

"PREACHERS OF LOVE" VERSUS "PREACHERS OF HATE"

Vosselaar, 4th January 2006 – First of all, I wish all my readers a very Happy New Year. In the justification for the writing of my book "A Holy Terror", I mention an unavoidable clash between the "Preachers of Love" and the "Preachers of Hate". Everyone knows that I mean Christians and Muslims. Let me be very clear, that this has nothing to do with racism or some form of discrimination. I am convinced, that all human beings, no matter to what race they belong, or what colour they have, are equal, no race is superior to another. On the other hand, there are considerable differences between the civilizations and cultures. Very short, I will try to give some evidence that proves my posing. On my Website:

, I will, in the near future, give full proof of the truth of my

assertion.

Americqa, Jihad is Coming!

"The Day of Judgment will not begin until the Muslims fight the Jews and kill them. behind me, come and kill him! ...(al-Bukhari 2926).

Jesus offers the gift of salvation to the world (John 10:14–16). Gentiles are part of the Bride of the Messiah and are deeply loved by Him (Eph.3:1–6; 5:22–27). Yet Allah commands: "Take not Jews and Christians as friends; they are friends of each other; and whoever amongst you takes them for a friend, then surely he is one of them; surely Allah does not guide the unjust people!" (Surah 5:51).

"O believers! Do not take my enemy and your enemy for friends. Would you offer them love while they deny what has come to you of the truth... because you believe in Allah your lord? If you go forth in jihad on my path and seeking my pleasure, would you manifest love to them? I know what you conceal and what you manifest; and whoever of you does this, he has indeed gone astray from the straight path" (Surah 3:28; Surah 60:1).

"It is a `divine' commandment to persecute Jews and Christians, to defeat them in battle and then to consign them either to slavery or to death" (Surah 8:39; 9:5,29: 47:4).

"God has rejected and cursed the Jews and the Christians." (Surah 2:89,105,213;9:30).

Islam teaches about a future world battle between Islam Western Christianity. Islamic forces will conquer the West. Secularists will have a simpler choice; conversion to Islam or the death penalty. The fate of the Jews is the clearest; they will simply be slaughtered.

Mohammed once was asked: `What is the best deed for the Muslim next to believing in Allah and his messenger?' His answer was: `To participate in jihad in Allah's cause". Mohammed taught that jihad warfare is the sacred duty of all Muslims. Islam must strive and fight until the nations are forced to bow every knee to Allah. I have been ordered to fight with the people till they say, `None has the right to be worshipped but Allah'" (al-Bukhari 4:196).

Rather than Jesus' commandment to love one's enemy, Allah commands Muslims to hate their enemies: "O you who believe! Do not take my enemy and your enemy for friends: would you offer them love while they deny what has come to you of the truth, driving out the apostle and yourselves because

you believe in Allah your lord? If you go forth struggling hard in my path and seeking my pleasure, would you manifest love to them? And I know what you conceal and what you manifest; and whoever of you does this, he indeed has gone astray from the straight path" (Surah 60:1)

Conclusion: Not love, but suspicion, rejection, condemnation and enmity towards Christians and Jews is a foundational part of Islam. Can we call this 'good and peaceful'? These are however Mohammed's own words in the Koran. Dangerous is however that what the West considers terrorism, most Muslims consider as Islamic heroism. No matter how the peaceful Muslim try turning the words, jihad in both Koran and the Hadith means armed warfare conducted against unbelievers. The totalitarian nature of Islam is clear - its mandate is to conquer the entire world and force it at the point of the sword to submit to the `one true faith', to the dictatorship of Allah against Jews, Christians and polytheists

Americqa, Jihad is Coming!

There are many more statements expressing hate in the Koran. The Holy Book is however very confusing and not consistent as all the verses are ordered according length. I have more and more the idea that the Prophet collected his "wisdom" during his youth while traveling with the merchant's caravans from the Lebanon to the Arab Peninsula and in this way came in contact with Judaism and Christianity. Even his "Seven Heavens" are borrowed from a very old Jewish legend. This would however lead us too far and I will work it out in my website.

Robert Maegh is a Belgian engineer, born in Germany in 1945. He spent several years in Africa and the Middle East. "A Holy Terror" is his first novel and a sequel can soon be expected.
