YOUR HAIKU ERROR MESSAGES FOR THE DAY

By Victoria Elizabeth

YOUR HAIKU ERROR MESSAGES FOR THE DAY by Victoria Elizabeth

WORD COUNT: 577

Below are a few little gems by anonymous authors. I've also added a few of my own for good measure.

1. The Web site you seek cannot be located, but countless more exist.
2. Chaos reigns within. Reflect, repent, and reboot. Order shall return.
3. Program aborting: Close all that you have worked on. You ask far too much.
4. Windows NT crashed. I am the Blue Screen of Death. No one hears your screams.
5. Yesterday it worked. Today it is not working. Windows is like that.

6. Your file was so big. It might be very useful. But now it is gone.
7. Stay the patient course. Of little worth is your ire. The network is down.
8. A crash reduces your expensive computer to a simple stone.
9. Three things are certain: Death, taxes and lost data. Guess which has occurred?
10. You step in the stream, but the water has moved on. This page is not here.
11. Out of memory. We wish to hold the whole sky, but we never will.
12. Having been erased, the document you're seeking must now be retyped.
13. Serious error. All shortcuts have disappeared.
14. Screen. Mind. Both are blank.
15. Silence. A strangled modem forgets — that it should blink.
16. Behold the ego. It sits in glowing emptiness. Cursor be damned!
17. A dingbat flaps. Windows is crashing. Oh what a pity.
18. Dead PCs. Cube farms empty. Have you called 911 yet?
19. Morning spam. Harbinger of good and ill. "Norton" nixed them all!
20. He says a word. And I say a word. Upgrade chat to phrases.
21. Faceless 404 again. Lone pixel in the bit map. Welcome to 'Geekville'.
22. Oh the winds that blow – can you ask them – which file is next to go?
23. Alone, on the web. Where to now? Who moved my e-cheese?
24. A lightening flash across your screen. Windows closes. Dial 411 for Godot.
25. For love and for hate, I trap a bug. And offer it to Bill.
26. A golden bug. I hurl it into the darkness. Is "McAfee" working?
27. A dead Trojan Horse. And yet, isn't there something remaining in it?
28. Adjust your browser. Sorry, settings are gone. Try another universe!

29. Darkened screens – become modern grapes of wrath – reaping bitter whine.

30. On my screen, the frigging fish tank. Is that Tony Tuna I see?
