After nearly 20 years in this MLM industry, I have seen a lot of things that for whatever reason, have helped people, and have stopped people. And there are those things that destroy people as well...

Many of us have taught many tactics and strategies (many you will learn in the PassionFire Training Letter) to help people create success in their business, but I have found the weirdest thing happening: Many folks have great ideas about succeeding, but their thinking is taking them totally out of the game of Network Marketing.

They engage the actions that are meant to create successful outcomes, but yet, get the same results as before.

Why?

Understand this: You work this business twice. First between your ears, then between your hours.

And all that happens between your hours is nothing more than a photograph of what is between your ears. READ THAT AGAIN!

FIRST you think and see it in your mind, and then when you go and work the business, it is a replica of what you saw in your brain. It is impossible to take any kind of action without thinking it first.

No exceptions. It may take only a second, but first you think it and see it, then you do it.

And most of the time, we think:

"I will try this, but it probably will not work.."

Are You Thinking Yourself Out Of Success?

"I'll probably get another NO".

"Why can't I do this like the succesful people do?"

"Here goes nothing"...

"I am no good at this business..."

"Why isn't this working for me????"

FIRE Starter Secret:

WHAT you are sending out to people, they will send back to you. If you are thinking hesitantly, they will be hesitant to join you. If you are thinking doubtful, they will be doubtful about joining you. If you are

thinkiing failure, they will feel your failure...

But, if you are thinking confident, and they feel confidence, the odds just went up for them to enroll with you.

If you truly see yourself succeeding in your thoughts, then you will replicate that in your actions and people will respond accordingly.

If you are thinking, "This is so easy and I am going to radically successful!", they will feel that and be attracted to your thinking.

Inferno Secret:

"Practice" in your mind everything you do, before you do it. "Before you send out, work the Success in!"

Practice:

Phone calls. Appointments. Home Business Meetings. Conversations. Follow ups. Asking for the order. Everything.

And see yourself winning at MLM, and helping others win at life as well.

Remember:

The thinking that you do before you take action, will soak your actions and words, and your prospect will feel it.

Cmon...let's be honest....

Are You Thinking Yourself Out Of Success?

What are your prospects feeling from you as well as your thinking?

Are you thinking yourself out of Success?

Blessings,

Your Success

By Frank Schmidt

Success starts in your mind.
Positive Thinking creates the advantage.

Success comes with a good mood.
Listen to your most preferred CD before an important meeting.

Success is increased with a little attention.
Give others something maybe a nice gesture is enough.

Success comes when your body is healthy.
Body and soul are inseparable.

Success comes with partnership.
Show this others by thinking for them.

Success is also a question of your outlook.
Do not leave it up to coincidence; instead plan carefully from head to toe.

Success is determinant with your security.
Everyone wants to be on the side of the winner.

Success is ruled by your target.
Set yourself realistic but always higher goals than demanded.

Success is a question of stamina.
Stay in the court! Hang in there! (Even when things seem to drift away)

Are You Thinking Yourself Out Of Success?

Success is based on systematic work.
Without engagement no success.

Success is predetermined.
Train over and over again all possible situations.

Success is a state of your mind.
Check and if necessary change your old attitude towards others and situations.

Success is also the success of others.
It is no secret how they are successful! Watch them and let them teach you.

Success is the opposite of failure.
Delete the possibility of failure from your mind, since you are successful only.
