Artificial Satellite Types by Gary Davis

Dish-Network-Satellite-TV.ws

Dish Network Satellite TV

.

Sputnik

; a small satellite that orbited the earth for a couple of months and

50 years ago artificial satellites did not exist. Since

Sputnik

more than 4800 satellites have been

launched by governments and private companies around the world. Satellites are used for

satellite TV

of course, but there are many more purposes for satellites.

Dish Network Satellite

.

Military Satellites

Gary Davis is owner of

Dish Network Satellite TV

, has several years experience in the Satellite TV

Industry and has written several articles on satellite TV.
