Deal Sites for Consumers: Service or Spam?

by: **Andrew LaDuke**

This is how it works. Entrepreneurs at web sites such as

www.bargainminder.com search the internet

might list products from

Dell.com

,

Overstock.com

,

Amazon.com

and many

more, while

www.deal hunting.com

lists products for the home, such as clothing and gardening items.

Another site,

www.dailydeals.com

, offers listings for just about anything. It too, lists a "coupon code,"

technology program at Walsh College in Southeast Michigan.
