Do You Make These Car Rental Mistakes?

by: **Neil Stelling**

Cheap car rental deals are spread all over the web. But not all are good deals. There's a few thing you must look out for... or your cheap car rental deal might work out a lot more expensive than you planned !

Here's some things you mustn't do :

* Forget to check the car's condition

When you pickup the car, be sure to check it carefully. Some companies will blame pre-existing scratches & dents on you. They know it needs fixing, and wait for a sucker to pay for it. This is less likely with the big, reputable companies, but can be avoided with these tips.

Check it over with the delivery guy, or when you go to pick it up. If you have a digital camera or camcorder, which you probably do if you're going on vacation, then give them a quick run over the car. Then you can prove the exact condition of the car when you first took it.

* Don't use the Internet to check for best deals

Of course you'll check for deals on the Internet ! That's probably where you're reading this article. But there's still people who don't check, and just take the first offline offer they see. Check online, and use one of the search engines that scans lots of different car rental offers.

* Don't check Offline too

Even though the Internet is probably the best place for car rental deals, it's worth checking offline too. I found when searching for Hotel deals, I often get the best deals by calling ahead and negotiating with the receptionist (it's hard to negotiate with a web page). Yet, with Airline tickets the best deals are

usually online, and the telephone/walk-in prices are higher and can't be negotiated.

But with car rentals, if you want to cover all your bases, be sure to check online and offline. Your local car rental dealer might have a special offer he's forgotten to update on the web site, or maybe someone's just cancelled a booking and you can take it cheap at short notice.

* Don't carefully check the terms of your car rental deal

Make sure you've got unlimited mileage if you want to drive a long way. Some deals have a mileage allowance, after which you get charged high dollar per extra mile. Unlimited works out best most times.

Check the terms to see if you need to return the car gas tank full or nearly empty. I once made the mistake of returning it full when I didn't need to – the car rental company refused to refund the cost.

* Fail to clean the car if you genuinely do get it dirty

It's okay to return it dusty from driving a couple hundred miles, but if your kid sick inside, or someone spills coffee, or drops a burger & fries, then clean it up ! If you don't the car rental company will add an extra cleaning charge onto your credit card.

Follow these tips and you'll have a relaxed and stress free car rental experience, all ready to enjoy your vacation or business trip.

How Car Rental Agencies Can Make Your Trip That Much Easier

By Mike Yeager

Do You Make These Car Rental Mistakes?

Car rental agencies, along with many other factors, have played a vital role in increasing the easiness of travelling by providing a service through which travelers can easily rent a car of their choice. One can rent a car of any color, shape and model at reasonable prices from these car rental agencies. A rented car, which has been rented from an office sited in one city, can be easily dropped at another office situated in a different city. Besides manual reservations, most car rental companies have developed interactive websites to assist in making online reservations and helping travelers.

Being able to rent a car is a service as the number of companies providing car rental services has greatly increased in the last few years. National car rental, Enterprise car rental, Budget car rental, Thrifty car rental, Alamo car rental, Cheap car rental and many others are all recognized for providing admirable amenities and services to their customers. Initially, many of these intended to capture the American market only, but now almost all have open sub-offices in many different countries of the world.

It really doesn't matter where in the world you're traveling to or from. You can easily rent a car to take care of your transportation needs. People even rent cars from the local car rental agency in their home town. Why? Possibly because their car isn't as late model as they would like, yet they still want to take some time and get away.

Be aware that some car rental companies have geographic restrictions on their cars. You'll need to know where you intend to go and make sure that your rental agreement allows that. Once you've dotted all the I's and crossed all the t's you can hit the road and really enjoy yourself.
