**Don't Fool With A Seizure**

by: **News Canada**

St. John Ambulance, Canada's leader in first aid training and products, offers these tips.

1. Make the area safe for the casualty. Keep onlookers away.
3. Carefully loosen any tight clothing, especially around the neck.
4. Never put anything in the mouth of the casualty, between the teeth or attempt to hold their tongue.
5. Never try to give the person food or drink.
6. After a seizure, assess the casualty for injuries.
7. Keep the casualty at rest for up to an hour, regularly monitoring pulse and breathing.
9. If this is the first time the person has had a seizure, always get medical help.
