Free Empowered Kids Game Room

The Games Room

Here are some simple, child-safe games that your family is sure to enjoy.

The Early Years: preschool – Grade 3

Communicating

Characters: this activity supports the early learning goals of communication, language and literacy. It provides opportunities for children to communicate thoughts, ideas and feelings. It also provides opportunities for the development of spoken language through conversation.

---

Investigating:

Tidy The Classroom: this activity can be used to develop children's 'mouse skills' and enhance their hand/eye co-ordination. Although the activity is intuitive additional 'help' instructions are available by rolling over the different objects in the room. The opening screen provides an area where children can practice their 'single' and double clicking' skills as well as 'dragging and dropping' before moving on to the activity itself. The objective of the activity is for the child to tidy up a messy classroom. There are a number of tasks which can be completed in any order. Rolling over the objects in the classroom displays a prompt as to the mouse action required. Once everything has been tidied away there is a 'reward' and an option to play again.

---

Fun At Any Age

Empowered Kid Snowball Game – fun for the entire family. Choose either the fast or the slower version.

It's more challenging than it looks!

Atlantis: The Lost Empire

## **Children's Bedroom Decorating Ideas Begin With The Right Furniture**

**By Grace P. Fairchild**

When you are trying to come up with children's bedroom decorating ideas, it is important that you select the proper furniture to go with the kids bedroom decorating of your choice. It may not have even crossed your mind that there is actual furniture out there created specifically for decorating a kids bedroom, but these are essential for creating a child-sized space that is easy and safe for your kids to live and play with.

There are many different styles of furniture that you can use for decorating childrens bedroom, so the first thing that you will need to consider is the age of your child, the size of the room, the shape of the room, and whether or not the room is being shared. No matter what, this do it yourself bedroom decorating for kids allows your child the ability to:

\* Rest well \* Study in comfort \* Play in a safe and attractive space \* Store all belongings in easily accessible places

Among the best children's bedroom decorating ideas for creating space is to purchase multi-functional furniture. These kids bedroom decorating ideas allow the furniture to be used for many purposes such as storage, bins, bookcases, and stackable crates. Decorating kids bedroom this way allows you to keep things off the floor, but still remain within reach of the kids.

Other real space-saving bedroom decorating ideas for kids include using bunk or loft beds when children are sharing the room. This allows two beds to be in the room, taking only the space of one. When your children aren't sleeping, they'll really appreciate these children's bedroom decorating ideas for the extra play space they have.

You will be certain to discover that when it comes to children's bedroom decorating ideas these days, the options are practically limitless.
