Peach Blossom Romance Activation Method

This method is only to be used to attract a new romantic partner into your life, this is not a method to bring peace to troubled relationships. Only the Flying Stars Feng Shui method can help smooth over rough waters in relationships, assuming both partners want the same outcome of course!

To use this method effectively, one needs to know their Earthly Branch or Animal character for their day of birth using the Four Pillars Chinese Astrological technique.

Make sure that no one else in your home shares the same Peach Blossom Romance Direction as you before activating this, as they will be triggered off also! Not good for somebody you are sharing your home with, who is in a solid relationship already, as they will develop a wandering eye!

This Earthly Branch Day Character can be found by entering your time, date and place of birth details into the free online calculator on Master Yu's old site, at,

<http://www.geocities.com/fourpillar/charting.html>

Don't worry about the hour detail too much if you are unsure of your exact time of birth, we are only after the day character for the Earthly Branch for this Romance attracting method. Do work out the day character for every occupant within your home and then check the table at the bottom of this page so as to make sure that you are not unwittingly activating the Romantic effect of the Peach Blossom for anybody else.

For those of you who love to do things manually, step by step instructions for drawing this up can be found in "The Complete Idiots Guide to Feng Shui – 2nd Edition" ISBN 0-02-864339-9

To attract a Man: Use a Green spherical vase filled with White flowers.

To attract a Lady: Use a White spherical vase filled with Red flowers.

## Feng Shui Peach Blossom Romance Method

Make sure the vase you use is spherical, not cylindrical and use the right colour combination of fresh flowers and vase for your preference of partner!

To use this method: Once you have worked out your Earthly Branch Day Character, simply locate the vase and flowers within one of the four sectors of your home as indicated in the following table. To work this out you will need to have a compass alignment of your home, and know where the gravitational centre point is.

(These steps are covered in our free online course, at <http://www.purefengshui.com> )

Then simply place the vase and flowers anywhere within the 30 degree portion indicated for you below

in the Peach Blossom Location Finder.

## What To Expect From A Feng Shui Consultation

### By Jakob Jelling

If you are wishing to harmonize or balance your house or any other environment according to feng shui, the ideal way to do so is through a feng shui consultation. A feng shui consultation would provide you the right and proper guidance for you to successfully achieve your goal.

Before you go to a feng shui consultation, it is important that you pay attention to choosing a good consultant. You should try to find out one who has experience and demonstrated knowledge. As with everything else, there are real feng shui consultants, who care for what they do, as well as there are others who do not. But you can easily check on this by asking him some references on where he learned and about past work.

A feng shui consultation may vary according to each different person and the way they like to work, but most of them would follow some general aspects in common. And, ideally, they should allow you to understand what they are talking about and what they are based on to give you a specific orientation.

Most of the times, a proper feng shui consultation would take the consultant to go to the place which must be harmonized. Sometimes a video of the place can be very helpful as well, but a proper feng

shui consultation takes the consultant to be able to see the place before he can give certain advice.

A feng shui consultation could go through different stages. First, you may approach the consultant at his work office and let him know your general ideas. Then, he might ask you to give him a video of the space for which you are consulting him. Once he has the video, he can provide you with specific guidelines on what to do. And then, or instead of the last step, there would be a feng shui consultation stage done in the space itself.

The best advice you can receive from a feng shui consultation is based on accurate information. And, by allowing the consultant to actually see the place you would be able to receive the most accurate information and guidance possible.
