Benney

Hello! Happy new year. May you live a long healthy life and prosper.

According to a study by US Dept. of Health & Human Services, 96% of Americans never achieve financial independence. They end up depending on charity, welfare, family, or are forced to keep working past their retirement age.

According to the IRS, 85% of the people reaching age 65 years don't have even \$200 in their bank accounts! US Census Bureau says that 97% of Americans never realize their dreams and desires in life, and are forced to retire on annual income of \$10,000 or less!

The average American is \$15,000 in debt, not including their homes and car payments.

Parents will have to spend over \$150,000+ to raise their kids to the age of 18 years, and will spend another \$77,000 to send them to college.

Every day, about 2,200 Americans lose their jobs, while more than 20,000 families lose their homes to foreclosure every year, and another 500,000 file for personal bankruptcy.

Some of the largest US corporations have been continuously downsizing their work force and laying off thousands of people during the past ten years.

America is weakening and sinking deeper into a debt nation. The paradox is that America is the richest and greatest nation on earth, and yet millions of the people live below the poverty level.

This is the condition in almost all the states, in New York, New Jersey, Maine, Vermont, New Hampshire, Massachusetts, Pennsylvania, Virginia, West Virginia, Maryland, Washington DC, Ohio, Kentucky, Tennessee, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Arkansas, Texas,

Louisiana, Oklahoma, Georgia, Alabama, North Carolina, South Carolina, Florida, New Mexico, Indiana, Kansas, Arizona, Nevada, Utah, California, Washington, Oregon, Idaho, Wyoming, Colorado, Nebraska, North Dakota, South Dakota, Montana, Alaska.

And the largest US cities and metropolitan areas overflow with crimes, poor educational system, moral depravity, joblessness, broken families, children born out of wedlock, in New York City, Los Angeles, Chicago, Houston, San Diego, Seattle, Detroit, Jersey City, Philadelphia, Pittsburgh, Boston, Miami, Atlanta, Milwaukee, Nashville, Indianapolis, Fort Wayne, Evansville, Toledo, Cleveland, Columbus, Cincinnati, Baltimore, Norfolk, Dallas, San Antonio, Jacksonville, Birmingham, Memphis, Kansas City, Des Moines, Omaha, Sioux Falls, Oklahoma City, Wichita, Denver, Louisville, Jackson, Little Rock, St Louis, Las Vegas, Tucson, San Francisco, Hollywood, San Jose, Fresno, Sacramento, Phoenix, Salt Lake City, Boise, Eugene.

Why is it that 1% of the Americans control 37% of all wealth, 60% of all the corporations, and 10% of all the real estate?

One of the reasons is that most people do not know the SECRETS of the RICH and POWERFUL and are ignorant of the dynamics of wealth creation, preservation and perpetuation.

The majority of the people have been misled to believe that to achieve financial security, success and happiness, all they have to do is to go to college, obtain a degree and get a job.

Nothing can be further from the Truth!

To make both ends meet, both husbands and wives have to go to work.

In some cases, some people have two or more jobs: day job, evening job, and weekend job.

They spend every minute of their lives running from one job to the next and have no time to enjoy the money they make or the company and love of their families.

Both the husband and wife hardly have time for each other or their children.

The children have no role models and are devoid of proper parenting. Some start missing classes, hanging out with the wrong gang, using drugs and committing crimes.

This leads to moral decay, lack of discipline, dropping out of school and life in and out of prison, teenage pregnancy and dependency on welfare.

It is pathetic! Even when both parents are working, they still have mountains of bills to pay: mortgage, car, credit card bills and personal loans.

When they lose their jobs, they are unable to continue with the payments, so they lose their car, then their homes and credit line and probably end up on skid rows.

This leads to marital strife, discontent, divorce and depression.

The bad news is that many middle class Americans from the largest cities and metropolitan areas, in New York City, Los Angeles, Chicago, Houston, San Diego, Seattle, Detroit, Jersey City, Philadelphia, Pittsburgh, Boston, Miami, Atlanta, Milwaukee, Nashville, Indianapolis, Fort Wayne, Evansville, Toledo, Cleveland, Columbus, Cincinnati, Baltimore, Norfolk, Dallas, San Antonio, Jacksonville, Birmingham, Memphis, Kansas City, Des Moines, Omaha, Sioux Falls, Oklahoma City, Wichita, Denver, Louisville, Jackson, Little Rock, St Louis, Las Vegas, Tucson, San Francisco, Hollywood, San Jose, Fresno, Sacramento, Phoenix, Salt Lake City, Boise, Eugene have to work hard to survive on the income they earn from their jobs and businesses...

The good news is that I-key Benney, a millionaire Ceo from New York has decided to do something about this.

Since the economies and the currencies of the other countries of the world depend largely on American economy and currency, whatever happens in America ultimately affects the other countries!

Therefore life in other continents, Europe, Canada, Asia, Africa and countries of the world are not better, in Canada, Brazil, Argentina, Venezuela, United Kingdom, Ireland, Spain, Portugal, Monaco, Luxemburg, France, Germany, Italy, Austria, Belgium, Denmark, Netherlands, Switzerland, Norway, Sweden, Finland, Japan, Malaysia, Australia, New Zealand, Ghana, Kenya, Tanzania, Namibia, Israel, Thailand, Cambodia, Vietnam, Laos, and Singapore.

The biggest cities outside US in the world have similar problems too, in London, Glasgow, Birmingham, Belfast, Paris, Zurich, Bern, Munich, Stuttgart, Cologne, Bonn, Milan, Rome, Naples, Athens, Madrid, Lisbon, Brussels, Amsterdam, Rotterdam, Stockholm, Oslo, Copenhagen, Helsinki, Prague, Vienna, Belgrade, Sofia, Jerusalem, Tel Aviv, Nairobi, Accra, Tokyo, Osaka, Bangkok, Kuala Lumpur, Manila, Phnom Penh, Ho Chi Minh City, Hanoi, Sydney, Melbourne, Auckland, Rio de Janeiro, Sao Paulo,

Buenos Aires and Caracas.

America gives billions of dollars in financial and military aids annually to many countries in the world, such as Canada, Brazil, Argentina, Venezuela, United Kingdom, Ireland, Spain, Portugal, Monaco, Luxemburg, France, Germany, Italy, Austria, Belgium, Denmark, Netherlands, Switzerland, Norway, Sweden, Finland, Japan, Malaysia, Australia, New Zealand, Ghana, Kenya, Tanzania, Namibia, Israel, Thailand, Cambodia, Vietnam, Laos, and Singapore.

But many of the governments of these countries (especially the developing ones) are corrupt to the bone!

They steal these billions of dollars and salt them away in secret Swiss Bank accounts.

They don't use it to build manufacturing industries that will create jobs for their country people.

They don't use it to build the infrastructures to enhance the quality of life of their people.

Their people have no modern amenities and infrastructures, good roads, electricity, running water, telecommunication service, or jobs.

They have no business, no future and no hope!

That explains why some of them dabble in scams, while others escape to seek a better fate in America and European countries.

Instead of giving billions of dollars to these corrupt governments that enrich a few corrupt politicians, why not give the same billions of dollars to American corporations so they can go to those countries and help them build up their economies and create jobs that benefit the people?

That is what American government should be doing, if it is seriously interested in helping people from other countries of the world.

This may help improve international relationships and restore the respect and love that other countries once had for America.

Have a happy new year filled with sunlight, success, good health and may your dreams and ambitions come true.
