**GENUINE ISLAM**

**GENUINE ISLAM by Shareef Ahmad**

Some people believe that being rich, and having power is all that matters...some people believe that fulfilling some desires in un-calculated manners is all that matters...some people think that by IGNORING THE GOD AND THEIR DUTY TO HIM will make it go a way.

Some people follow conjectures, hearsay, leaders, Scholars, Imams and their ancestors blindly in an irresponsible way...the easy way that actually gives them false assurance, and false confidence that they are being on the right track.

Some people are very eager to argue in-spite of their ignorance....some people are eager to show-off the so little knowledge that they possess.

Some people think that by fooling themselves in not asking the essential, most important Questions in life, they are dodging the GOD!

Some people think ( in many cases justifiably ) that so-called religion is a bad thing, and have serious complexity in that regard.

Some people commit terrible crimes and injustice in the name of this religion or that religion.

Some people commit crimes in the name of freedom and democracy.

Some people abuse people in the name of socialism, and some people enslave people in the name of capitalism.

Some people are experts in using the truth ( saying some truth ) to advance much more falsehood.

Some people claim to believe in GOD...but in reality they don't...they are being hypocrites, similarly some people claim that they would embrace the truth when it is presented to them...but they NEVER do.

## GENUINE ISLAM

Some people think that they are wayyyyy too smart to believe in the existence of GOD, SATAN, day-after, angels, messengers, or scripture.

Some people worship, Jesus, some worship Muhammad, some worship Ali, some worship a Cow, some worship themselves, some worship money, Women, Leaders, country etc, etc.

Some people worship Satan by allowing him to control their mind and soul.

Some people hate, lie, false accuse, deceive, corrupt, and discriminate...some people have preconceived notions, some have bad intentions, some have bad attitudes and bad characters.

Some people Kill, and torture....some people enjoy other people's sufferings.

Some people think even if there is a GOD...he is NOT aware of all that is happening or he is an unjust GOD.

Some people are oblivious to the chaos, corruption and injustice that is happening to them and to others all over the world....and even if they did...they just could not care less.

Some people have lost their sense of reality, living in an illusion...daydreaming in a make believe.

Some people are so dominated by their sinful lust for women/men and material that they don't know any better.

Some people are greedy, arrogance, rude, careless, irresponsible, illogical, irrational, and aggressive.

Some people are aggrieved, suffering, lost, confused, and wondering.

Some people are addicted and enslaved by bad happets such as Alcohol, Drugs, smoking, Gambling, Games,etc., etc, etc

Some people live in fear, worry, pain, desperation, isolation, and suffering form degradation.

Some people want to have peace, freedom, equality, and justice.

Some people wants to live a balanced moderate life, full with joy and happiness.

Some people are good, sincere, and humble... some are searching and seeking the TRUTH, AND NOTHING BUT THE TRUTH.

Some people respect themselves, respect others, and have good intentions...some are kind and loving.

Some people believe in GOD, and know he is in control of everything, and they don't associate anyone with him.

## GENUINE ISLAM

Some people believe in GOD, but don't understand, why he is not interfering according to their timing.

Some people believe in almighty GOD yet worship and associate false partners with him by following their temptations and their desires.

Some people know and feel the injustice and the corruption that is infecting and effecting every part of the world, and they are willing to do their sincere best to put a stop to it.

Very little people sincerely believe in GOD without mixing their belief with injustice.

That basically covers the basics.

Very very little people will admit that they are reflected in any of the negatives mentioned above...some people know it but can't change it...they are helpless in the face of the evil that is dominating their lives,

others don't even realize that they have the problem in the first place...they are totally blinded.

THE ONLY WAY OUT IS TO HUMBLY AND SINCERELY SEEK GOD'S GUIDANCE...AND WHEN YOU ARE GUIDED THAT WILL NOT ONLY SOLVE YOUR GREATEST PROBLEM AND WILL SUBSTANTIALLY INCREASE YOUR KNOWLEDGE AND WISDOM IN ADDITION TO ALL THE GREAT VIRTUES THAT WILL BE ACQUIRED...YOU WILL BE IN YOUR WAY TO PARADISE, INSTEAD OF SOMEWHERE ELSE!

SO YOU SEE...IT IS A WIN/WIN SITUATION, AND NO MODERATE, LOGICAL, SINCERE, RATIONAL HUMAN BEING WOULD ARGUE WITH THAT.

[2:130] Who would forsake the religion of Abraham, except one who fools his own soul? We have chosen him in this world, and in the Hereafter he will be with the righteous.

A student of the Quran

### **Scientists Declaration about The Holy Quran and Islam—Joe Leigh Simpson**

#### **By Joe Leigh Simpson**

Author and editor of over 20 books, and has published over 181 scientific papers. Co-author of The Developing He is the President of the American Fertility Society. He has received many awards, including the Association of Professors of Obstetrics and Gynaecology Public Recognition Award in 1992. Like many others, Professor Simpson was taken by surprise when he discovered that the Qur'ân and Hadîth contain verses related to his specialised field of study. When he met with Sheikh cAbdul-Majeed A.Zindani, he insisted on verifying the text presented to him from the Qur'ân and Hadîth.

## GENUINE ISLAM

"... these Hadīths (sayings of Muhammad) could not have been obtained on the basis of the scientific knowledge that was available at the time of the 'writer'... It follows that not only is there no conflict between genetics and religion (Islām) but in fact religion (Islām) may guide science by adding revelation to some of the traditional scientific approaches... There exist statements in the Qur'ân shown centuries later to be valid which support knowledge in the Qur'ân having been derived from God."

Professor and Chairman of the Department of Obstetrics and Gynaecology, Baylor College of Medicine, Houston, Texas, USA.
