Cool Valentine's Day Gifts for Men by Kenia Morales

Most of us women have an eye for detail. So when it comes to buying presents for your friends, kids etc. you are probably a "slick diva". But what happens when you have given the man in your life a fair share of gifts and ran out of ideas or simply want to give something different than the typical button down shirt and tie. Well lucky for you I have created a list of cool gifts for men.

1. A gift basket– Yes, I know! It seems a little weird but, the gift basket business is "in" right now and they even carry gift baskets for beer lovers. An example of this basket would be: 6 beers from different countries and all type of munchies to go with it. If your mate enjoys drinking beer this is the perfect gift for him. Price range can be anywhere from \$30 and above. Champaign gift baskets are available for those of you that are thinking about a sexier, sophisticated night.

2. Jewelry– Women love it when men give them jewelry as a present but, it does not mean he would not enjoy it also.

3. Electronics - I do not know about your partner but my husband drools all over electronic items. The same way women drool over shoes.
