Gilmore Girls (DVD) Review

By Britt Gillette

Nominated for 1 Emmy and 1 Golden Globe in its first five seasons, Gilmore Girls has experienced

much greater success among TV viewers than among industry critics. In fact, the show is the first script supported by the Family Friendly Forum's script development fund to go on and become a regular television series. Part of an initiative between The WB Network – maker of such hits as Dawson's Creek (1998), Felicity (1998), Angel (1999), and Smallville (2001) – and fellow industry executives, this push for more family-oriented programming resulted in a series showcasing a unique mother-daughter bond and the various people they encounter on their life voyage of discovery. Set in the fictional town of Stars Hollow, Connecticut, Gilmore Girls utilizes many of the same sets as the hit series The Dukes Of Hazzard (1979) – another successful Warner Brothers production from years past...

Gilmore Girls is set in a small idyllic community in Connecticut filled with a wide range of diverse characters and eccentric personalities. Against this backdrop, Lorelai Gilmore (Lauren Graham) attempts to raise her daughter and best friend, Rory Gilmore (Alexis Bledel), to carve out a better life for herself. Having made a number of youthful mistakes, Lorelai made the decision to raise her daughter by herself at a young age (the same age as Rory when the series begins), and she's bound and determined to make sure that Rory makes better decisions for herself. As Rory prepares to go off to college, she displays many of the same likes and dislikes as her mother – especially when it comes to the opposite sex, and that's what worries Lorelai the most... A borderline soap opera, Gilmore Girls is more of a serial drama that focuses on the love, friendship, and shared growth of a mother and daughter as they live out their dreams in modern day America...

The Gilmore Girls DVD features a number of touching episodes including the series premiere in which Rory is accepted to a very prestigious prep school named Chilton. But Lorelai struggles to come up with the tuition money necessary to send her, so she contacts her estranged parents for a loan. They agree to provide Rory with the tuition if Lorelai will agree to have a family dinner with them every Friday. Meanwhile, Rory has developed a crush on a recent transfer student, making her apprehensive about attending Chilton. When Lorelai finds out that a boy is the source of Rory's uncertainty, the two get in a fight with Lorelai fearing that Rory will follow in her own path of bad decisions. However, after the family dinner with Lorelai's parents, Rory realizes the sacrifice her mother has made in asking for the loan, and the two make up... Other notable episodes from Season 1 include "Forgiveness and

Gilmore Girls (DVD) Review

Stuff" in which a feuding Rory and Lorelai settle their differences just in time for Christmas, and "The Third Lorelai" in which Emily opposes her mother-in-law's offer to set up a trust fund for Rory because she's afraid it will mean an end to her contact with her granddaughter...

Below is a list of episodes included on the Gilmore Girls (Season 1) DVD:

Gilmore Girls (Season 3) DVD Review

By Britt Gillette

Nominated for scant major television awards in its first few seasons, Gilmore Girls is nevertheless a major among TV viewers. Setting the critics aside, fans of the show have Gilmore Girls one of the top original series in WB network history. Set in the fictional town of Stars Hollow, Connecticut, the show follows the lives of former-teenage mother Lorelai Gilmore (Lauren Graham) and her now teenage daughter Rory (Alexis Bledel). Friends as well as immediate relatives, the two grapple with various aspects of their lives together as Lorelai fights to keep her daughter from repeated the mistakes of her own past. Created in the mold of a soap opera, Gilmore Girls is a dramatic series written in the tone of Dawson's Creek, but with more a family twist to its subject matter. Overall, it's a fascinating show...

The Gilmore Girls (Season 3) DVD features a number of touching episodes including the season premiere "Those Lazy-Hazy-Crazy Days" in which everyone's relationship is a source for debate. Rory and Lorelai discuss the merits of Jess versus Dean, while Lorelai's parents debate her relationship with

Gilmore Girls (DVD) Review

Christopher. Meanwhile, Sookie and Jackson argue over the proper way to decorate their house... Other notable episodes from Season 3 include "A Deep-Fried Korean Thanksgiving" in which Lorelai and Rory eat four different Thanksgiving dinners (including a tofu turkey!), and "Happy Birthday, Baby" in which Lorelai's parents are ecstatic to learn of Rory's decision to attend Yale, but Emily is angry with Richard when Lorelai pays off their loan because she thinks it will mean the end of her relationship with Lorelai and Rory...

Below is a list of episodes included on the Gilmore Girls (Season 3) DVD:
