Gilmore Girls (Season 3) DVD Review

By Britt Gillette

Nominated for scant major television awards in its first few seasons, Gilmore Girls is nevertheless a major among TV viewers. Setting the critics aside, fans of the show have Gilmore Girls one of the top original series in WB network history. Set in the fictional town of Stars Hollow, Connecticut, the show follows the lives of former-teenage mother Lorelai Gilmore (Lauren Graham) and her now teenage daughter Rory (Alexis Bledel). Friends as well as immediate relatives, the two grapple with various aspects of their lives together as Lorelai fights to keep her daughter from repeated the mistakes of her own past. Created in the mold of a soap opera, Gilmore Girls is a dramatic series written in the tone of Dawson's Creek, but with more a family twist to its subject matter. Overall, it's a fascinating show...

The Gilmore Girls (Season 3) DVD features a number of touching episodes including the season premiere "Those Lazy-Hazy-Crazy Days" in which everyone's relationship is a source for debate. Rory and Lorelai discuss the merits of Jess versus Dean, while Lorelai's parents debate her relationship with Christopher. Meanwhile, Sookie and Jackson argue over the proper way to decorate their house... Other notable episodes from Season 3 include "A Deep-Fried Korean Thanksgiving" in which Lorelai and Rory eat four different Thanksgiving dinners (including a tofu turkey!), and "Happy Birthday, Baby" in which Lorelai's parents are ecstatic to learn of Rory's decision to attend Yale, but Emily is angry with Richard when Lorelai pays off their loan because she thinks it will mean the end of her relationship with Lorelai and Rory...

Below is a list of episodes included on the Gilmore Girls (Season 3) DVD:

Gilmore Girls (Season 2) DVD Review

By Britt Gillette

Recipient of a single nomination for an Emmy and a Golden Globe in its initial five seasons, Gilmore Girls is much more successful among members of the television viewing public than among critics. The result of a joint partnership between The WB Network and television industry executives, Gilmore Girls - the first script from the Family Friendly Forum to become a regular series - showcases a mother-daughter relationship and the chronicles the personal world in which they live. Set in the non-existent town of Stars Hollow, Connecticut, the show makes use of many of the same sets used by an earlier Warner Brothers hit series The Dukes Of Hazzard...

Gilmore Girls takes place in a small Norman Rockwell-esque township in Connecticut where a diverse range of eccentric characters and personalities live out their lives. In Stars Hollow, Lorelai Gilmore (Lauren Graham) raises her daughter and best friend, Rory Gilmore (Alexis Bledel), hoping to give Rory a better life than she has so far enjoyed. Learning from the mistakes of her youth, Lorelai decides to keep and raise her newborn baby while still very young herself (in fact, as the series begins, Rory is the same age as when Lorelai had her), and she's insistent that Rory make better choices for her own life. As Rory prepares for college, Lorelai notes many of her own character traits present in her daughter, and it worries her... Overall, Gilmore Girls is a dramatic series focusing on love, friendship, and life choices shared by a mother and her daughter in present day America...

The Gilmore Girls (Season 2) DVD features a number of touching episodes including the season premiere "Sadie, Sadie" in which Lorelai accepts Max's marriage proposal and tells everyone except her parents the good news. In the meantime, Rory brings Dean to her grandparent's house to celebrate Rory's academic success at Chilton, only to have Richard castigate Dean for his lack of ambition. Meanwhile, Emily is heartbroken when she learns of her daughter's wedding from Sookie instead of Lorelai... Other notable episodes from Season 2 include "The Ins and Outs of Inns" in which Lorelai and Sookie decide to follow their dream to buy and run an inn (but encounter complications in finding the right property), and "There's the Rub" in which Emily and Lorelai bond while taking a weekend spa...

Gilmore Girls (Season 3) DVD Review
