**Great Ways To Find Excellent Deals On Contact Lenses**

**By James Brown**

Contact lenses come in a wide variety of makes and styles. Although one needs to obtain a

prescription in order to purchase their contacts, there is a wealth of options available when it comes to purchasing contact lenses. This makes it easier for the individual to find the best deal possible when searching for contact lenses. There are many places where a contact lens wearer can look in order to find their particular make of contact lenses at an extremely reasonable price.

**Find Great Deals Online**

One way to find a fantastic deal on contact lenses is by searching companies and providers, which sell contact lenses online. In general, all one needs to do is to select their particular type of contact lenses, enter their prescription information so that it can be verified by the company prior to shipping the lenses and pay for the contact lenses. The prices which one will come across online are quite inexpensive when compared with the prices at some retail stores. There are a few different well-known contact lens distributors, such as 1-800 Contacts, which provide an array of choices for contact lens wearers everywhere. If one has access to the Internet, considering purchasing contact lenses online is an extremely beneficial thing to do.

**Manufacturers Rebates from the Eye Doctor**

Another great way to find an excellent deal on contact lenses is to inquire about possible manufacturers rebates at one's eye doctor's office. Frequently, the optometrist will receive special rebates from various contact lens manufacturers who are trying to get the word out on their contact lens varieties. This will often yield rebates for the patients in the form of \$20 and upward in many cases. Checking with the eye doctor for any possible contact lens rebates is another great way to obtain a good deal on the purchase of contacts.

**Retail Store Specials**

Lastly, one may be able to find a great deal by going to a retail store, which sells eyeglasses and contact lenses. Frequently stores such as these will have seasonal sales where one or more types of

### **Contact Lenses: See The World Through Different Lenses**

#### **By Barney Garcia**

Contact lenses are for those who wouldn't dream of spoiling their looks with glasses and who still need a seeing aide. Contact lenses are a very inexpensive option prescribed by most opticians for their clients. Although almost anyone can wear a contact lens, there are a few individuals whose eyes cannot adjust to contact lenses. It is recommended that a good eye doctor be consulted before you begin using contact lenses on your eyes.

Contact Lenses - To Wear Or Not To Wear Contact lenses may have shown us the way out of the good "old" glasses, but it is highly recommended that contact lenses be used only after consulting an eye specialist or optician. Wearing contact lenses at all times may cause harm to your eye. Also it is important to know the right way to wear your contact lenses. Continuous wear is not advisable and there are ongoing debates about whether one can wear contact lenses to sleep. Still, contact lenses are quite the rage among office workers as well as those from the fashion world such as models and stars.

Colored Contact Lenses Some of us have been endowed with uniquely colored eyes, while for some; colored eyes can enhance the attractiveness and charm of an individual. Colored contact lenses are available for those who would like the world to show a different side to them whenever they choose. Hazel, brown, blue, grey, green and even hard-to-find colors like purple or yellow is not unlikely colors for contact lenses worn by people in today's modern and fashionable world. Many contact lens manufacturers also make colored contact lenses to cater to this rapidly growing clientele of contact lens users.

Disposable Contact Lenses Many manufacturers of contact lenses have come up with disposable contact lenses. These lenses can be thrown away after use and do not carry the risks of infection or other side effects of normal contact lenses. Disposable contact lenses may be an expensive option, but

they have been in great demand for quite some time among those who are constantly traveling or are exposed to various hazardous substances. It is easier for them to throw away used contact lenses than to face infections or other eye-related problems because of unclean contact lenses.
