Creative Writing Tips -

Our plotting stage is our testing area.

Figuring everything out in your plot will save you time rewriting later.

So how do you test your plot?

Start with everything that has gone into it.

I know to some this might be tedious work, but...

Have You Tested Your Theme Against Your Plot?

By Nick Vernon

Creative Writing Tips -

How we usually begin the preparation stage in the writing process is... We think of an idea for a story

We think of a suitable theme We plot

For example...

Have You Tested Your Plot?

`Winning The Lottery Makes Your Life Easier'

"Winning The Lottery Makes Your Life Easier But Everything Has Its Price."

This second scenario creates more problems for the characters, so it's more interesting for us readers.

~~~~~

The main thing is to make your story interesting.

Figure everything out then write.
