## **Paid Surveys – Do They Really Work?**

**By Joey Merrick**

Being paid to take online surveys has become a very sought after internet business. Simply pay a small fee to a paid survey site and they will send you a list of companies that will send the surveys to you.

All you need to do is sign up with these companies and the surveys will show up in your e-mail box and you will get compensated for your time. Depending on the company you can be paid in cash, entered into large cash drawings, or be compensated with discounts and merchandise.

The cash surveys can range from a couple of dollars for a really short survey to \$15–25 for longer surveys that can take around 30 minutes to complete. Not bad wages... One problem that many people have is that they will sign up for some free survey list and then gripe that they get lousy surveys.

We have tried both and when we signed up with reputable survey companies we saw much better paying surveys as opposed to the sweepstakes, prizes, and \$2 surveys we saw when we were being cheapskates.

Whenever you get surveys in your e-mail box they will tell you what kind of survey it is, what the compensation will be, and how long it will take to complete. So you will always be able to see if a particular survey is worth your time and effort.

Paid Surveys are a great way to earn some extra money in your spare time. The surveys show up in your inbox and you decide when and if you are going to fill them out. The key is to sign up with a reputable company that will give you the better paying surveys.
