## How To Personalize Your Unique Anniversary Gift

By Alison Palmer

Whether you have been dating for one year or married for 50 years, an anniversary gift is the perfect way to show your love and appreciation. When thinking about the perfect anniversary gift, it is important to incorporate something special that has meaning for both you and your partner. While this will take a slight bit of (gasp!) effort on your part, it will certainly be appreciated by your sweetheart. In this article, we'll show you how to personalize your unique anniversary gift to leave a lasting impression.

Let's start with a fairly new relationship. Say that you have been dating for one year, and you want to show your honey that they mean a lot to you. What steps should you take? Well, first and foremost, you should have a pretty good idea of what makes your partner tick. By incorporating their favorite sports team, song, movie, or quote into any gift, you will be sure to impress. At the same time, it is important not to go overboard in this instance. The two of you are still basically in the beginning stages of building a relationship, so you should probably avoid anything too extravagant. What is the perfect balance for this situation?

In the case of a one year dating anniversary, it is probably best to lean towards thoughtful gifts. A perfect example is to make a scrapbook or collage complete with the memories that have made the past year so special. By including pictures, ticket stubs, and other special milestones (important dates, songs, quotes, etc.), you will be sure to deliver a heartfelt and personalized anniversary gift that will definitely be appreciated. That is not to say you also can't buy a little something extra as well, but just know that you can never go wrong with a gift that displays thought.

Now let's turn our focus towards a longer relationship. Let's say that you have been married for 20, 30, 40, or even 50 years, and you want to show your significant other that they still mean the world to you. How can you accomplish this? Well, one suggestion is to design an anniversary ring that bears some type of special meaning. By implementing certain features into the ring that have some sort of significance, you can show your partner just how special they really are.

Another idea for personalizing an anniversary gift in longer marriages is to book a trip back to your original honeymoon spot. By going back to the same location, hotel, restaurants, etc. you will give your

spouse a truly unforgettable experience, while keeping the passion of marriage burning brightly.

If these two suggestions don't work into your budget, don't fret. Any thoughtful gift will serve the purpose, as long as it represents something that has great meaning in your relationship. The main thing to remember, regardless of how many years you are celebrating, is to use both your mind and your heart when choosing a gift. The old saying "it's the thought that counts" really does hold true when personalizing a unique anniversary gift.

### **Anniversary Gifts and Perfumes**

**By Mike Yeager**

How many times has your anniversary come around and you quickly rush out to buy something, anything from a myriad of anniversary gifts and perfumes available. Everyone has probably been there, waiting until the last minute and then feeling a little guilty because the gift didn't quite say what you wanted it to say. Historically anniversary gifts and perfumes have consisted of things like cotton for the 2nd anniversary and ivory for the fourteenth. Who wants to give or receive those kind of gifts these days?

Modern anniversary gifts and perfumes.

Here's a suggestion if you're really not sure what to give your spouse. Why not try perfume for her or cologne for him. Admit it, every once in a while you've smelled a certain fragrance on someone else that made you stop and really take notice, right? Sure everyone has. Why not go ahead and buy that special fragrance and give it as anniversary gifts and perfumes? It would make the perfect, personal gift that your spouse would enjoy and appreciate every time they put it on; and you would too.
