Preston King

Better yet how would YOU like to have a travel buddy who actually holds the World's Record of the Most Girlfriends!

Let's go on a vacation, but this time lets skip, Ft. Lauderdale, Hawaii, Bahamas and Cancun. Let's go where the girls love Western Men like you and me.

I am Elvis Preston King I have always been the master of how to pick up girls. Back home in the United States and Canada I noticed as I began to grow older the girls would stick up their nose up at me. I claim to be American and Canadian as one of my parents is from Toronto, and the other parent is from Kansas City. Of course I was born in Mississippi and I grew up in Memphis.

Even when I would pull up to the curb in my Rolls Royce Limo and my Ferrari F40 the girls wouldn't give me the time of day. Enough is enough. Young Western women don't appreciate the Older Man. That goes for you German, French, Italian, English, Dutch and all of the rest of you.

Well, simply put I got so angry one day when I was trying to pick up a young 18 year old Hollywood, California girl who wouldn't even give me her phone number let alone talk to me. I said that's it. I sold my Hillsboro beach Florida penthouse, put my cars in storage and hopped on a plane to the Dominican Republic and I haven't been home since and that was five years ago. I have many sexual paradises of earth that I like to travel to. I now hold the world record of more girlfriends than any man on earth. I have over 1000 active girlfriends and I am sad to say that I am broken up with over 2000 girls who have left me high but not dry. They caught me fooling around with another girl!

Of course, a wife would be nice, but how can you pick just one wife out of all these beautiful young dream girls. I might accept a harem of wives, but I'd get bored with them too and move on I am sure. I am sorry when you're Elvis and every young beauty loves you it's just too big of a temptation to stray. I could never be with just one woman no matter how beautiful she is. I tried it. I had the runner up Miss

Universe from one country and I couldn't be loyal. Good luck Donald Trump! I think you made a big mistake getting married to a young beauty. Same to you Larry Ellison, with your money you don't need a wife. There are other more suitable arrangements than marriage that can be made! I have girls that I sleep with and girls who take care of my cooking and cleaning. Needless to say if you are the senior playboy king you have to eat right.

I could write a book but I refuse to sell my secrets for five or ten dollars. Never in your life. Elvis can't be bought cheap. Sorry.

However, I am looking for one special travel buddy. All my life I have never had time for buddies. I have spent all my time with beautiful young girls. I am now looking for a sidekick to travel to exotic locations around the world who truly loves girls.

Lets go on a vacation! Come visit me and my girls on the islands of love. The weather will give new warmth to your soul. The walks on the beach with your girls will take away the worries of time and age. Romancing a beautiful girl will relieve your weary heart. A vacation with a new dream girl is an absolute cure for the senior man who feels left out from the pleasures of life. Ah— the islands of the sexual paradises of earth, a breath taking experience, a touch of vigor for the older man and the energy of life you need for the rest of your time here on Earth. You won't ever want to go home. Such dynamic hideaway retreats that once on one of my islands it will mystically bring romance and joy to your heart. Elvis's sexual paradises of earth are an extreme love connection for the Western man who truly loves beautiful girls!

Elvis is a 55 year old senior who doesn't want to let go of being 18. He has over 1000 sexy girlfriends 18 to 22 years old. He is now looking for just ONE gentleman sidekick to share in his good fortune. His office is based out of Los Angeles, Ca. How a Blind Date Can Increase Your Psychic Abilities

By Stephanie Yeh

So how can a blind date increase your psychic abilities? It's probably not what you're thinking. We're not talking about having a few drinks with someone you've never met before. We're talking about developing your psychic abilities by deliberately shutting down one or more of your five senses.

Because we are such physical creatures, we have a tendency to use our five senses in everything we do. That's not a bad idea for driving, walking, or working on the computer, but if you want to increase your psychic or spirit abilities, using your five senses less will help.

That's where the blind date comes in. A blind date is where you blindfold yourself and have a buddy walk you around on a "date." Your buddy's job is to make sure that you're safe and you don't walk into anything or fall in a ditch. Your buddy is your guide and will lead you around, keeping you safe and

upright.

Your part of this date is to extend your psychic abilities outward as your buddy walks you around. Sense what is around you. Do you sense a large object ahead or just open space? Sense what is behind and above you as well, since your psychic abilities will allow you to see in 360 degrees.

You might want to have your buddy walk you around for a while, in many directions until you no longer have a sense of where you are. Then spin slowly around and extend your spirit perceptions. Tell your buddy what you sense in each direction and have him or her tell you if you're right.

If you don't have a buddy to do this with, you can do it by yourself outside. Start in a relatively open space and just move slowly so you don't get hurt. Give a whole new meaning to the term "blind date," right?
