How to Earn \$1,000 a Month in Your Spare Time

By Thomas Holley

How to Earn \$1,000 a Month in Your Spare Time by Thomas Holley

Can you create a monthly income of at least \$1,000 a month working in your spare time from home? Over time, ABSOLUTELY! It will take time and effort, but with very little money you CAN create an income of at least \$1,000 month after month.

The key to creating a repeatable income month after month is residual income. Do the work once and get paid over and over.

You don't want to have to create that income over each month, like you would have to do if you were paid once. That is too much like your current job, if you don't work, you don't get paid!

With residual income, you can focus your effort on increasing your next month's income this month, instead of trying to create this month's income this month. That's working smarter, not harder!

What you need is an opportunity that is a real business, not some flashy program promising thousands of dollars a month for your \$5 investment.

A real business takes time to grow. It takes work. It takes dedication. You don't have to spend 60 hours a week to build it, but you need to spend at least a few hours each and every week.

One such opportunity is SFI Marketing Group (Six-Figure Income). SFI is a real business that, with consistent effort, can build into a decent income.

SFI is the creation of Gery Carson, who in the 1980's pioneered the Direct Mail model for network marketing. Gery is also the author of the book, *The Home Business Revolution's Greatest Entrepreneurs*, and the publisher of *Six-Figure Income Magazine*.

Over the past 16 years, SFI has established itself a dominant presence in the internet network marketing arena. It shows unprecedented growth with 5,000 new sales reps added every day. What's the attraction? See for yourself at <http://www.ezinfocenter.com/8055491/IEF>

Membership to SFI is FREE! There is no cost and no obligation to join. You can spend some time checking out the opportunities that SFI has to offer and then make a decision if you think that

this opportunity is for you or not. You can join and check SFI out for free at <http://www.ezinfocenter.com/8055491/FREE>

What do you get for your membership that you paid nothing for? **PLENTY!**

- *20 websites that you can promote and to send visitors
- *FREE internet marketing training
- *Valuable resources at your fingertips

*Professionally designed and written advertising

*Professionally written follow-ups to your referrals

SFI is unlike most any other network marketing business in that it is possible to build your business by spending little to no money out of your own pocket! It will be harder and take longer, but it is possible. You can start with no money out of your pocket and then reinvest your profits into the business to build it even quicker.

SFI sells Veriuni'sTM nutritional supplements and cleaning products, plus lots more. SFI's best and largest selling item is its subscription to the IAHBE (International Association of Home Business Entrepreneurs). To see all the benefits offered with a membership to the IAHBE, visit:

Your first goal with SFI is to become MIQ (Multi-Income Qualified). Often this is accomplished by purchasing a membership to the IAHBE, a \$29.95 monthly investment. However, you can achieve MIQ status without spending a dime. By selling subscriptions to the IAHBE, you can reach MIQ status with only four sales. Plus, for each subscription you sell, you get a \$10 commission each month that they keep their membership. This is called residual income!

Now, let's plug a few numbers in here to see what is possible with spending just a few hours a month promoting SFI. If you refer just FIVE new affiliates, who become MIQ, a month and teach just THREE others to do the same, after one year you should be earning at least \$940 a month (\$11,280 a year). After just two years, you should be earning over \$21,000 a year.

Even if you have ONLY ONE new MIQ affiliate a month and have just ten others in your group doing the same, you can build a nice part-time income of \$440 per month after just a year.

We are not talking \$11,753 a week type income that some ads will try to make you believe is possible. We are talking about a REAL income with REAL expectations and with REAL possibilities. This is what is possible just working a few hours a week in your spare time. If you have more time, the possibilities are even

greater. And all this IS possible with little to no money out of your own pocket every month. It just takes dedication, consistency, and a little creativity.
