Intuitive Palmistry: Reading between the Lines – Part 1

Sceptical? Palm reading has been an intriguing; albeit illusive, ancient art and science. Sometimes thought of as an esoteric occupation, palm reading is not at all what it seems to be. Allow me to elaborate:

Aside from `soothsaying and fortune-telling,' Palm Reading prevails from dermatoglyphics. Dermatoglyphics relates to friction ridge formations that appear on the palms of the hands and soles of the feet.<sup>1</sup>

The International Institute of Hand Analysis explains how the hands contain coded information relating to a person's character and life purpose.<sup>2</sup> Other studies, as undertaken by the Department of Psychology of Ohio State University suggest that hand analysis displays individual phenotypes which can become factors with regard to individual and sexual differences in aggression.<sup>3</sup>

Another study of dermatoglyphics reveals that `an excess of dermatoglyphic alterations may point to schizophrenia tendencies.<sup>4</sup> Biologist and Researcher, Dr. John Manning found that length of the fingers can provide information about hormone levels in ones body – thus, effectually allowing one to determine particular disease risk factors as well.<sup>5</sup>

Still hesitant? What exactly does an intuitive palm reader do? Much like that of a modern sage, an experienced intuitive palm reader can tell one about specific personality traits, disorders, and sometimes can even predict an individual's approximate lifespan.

Professional intuitive palm reader, Per Hogset did an extensive, psychic palm reading for me and the results were simply astounding. Upon review of my palm prints, Per wrote a personalized and immensely detailed summary about me; and my life.

Instinctively wise beyond this realm, Per sent me the following, in-depth 'Ultimate Psychic Reading.' I have annotated his revealing report for further distinction:

The Ultimate Psychic Reading  
The Palm Reading Report

Let us begin then. I will look at your main lines of your hand, the thumb and the fingers. After that I will summarize the reading for you.

This is your hand of everyday life and the other hand, represents your imagination, and inherited characteristics.

You have a very interesting hand, Carol Ann.

Yes, that places you right here on your heart line and well you are not exactly at the high point of your life at the moment. But you are certainly going in the right direction. You have some small so-called islands, which indicate ups and downs in your life.

But I can see that they are behind you now, Carol Ann, and the future gets clearer and clearer. So you are going very much in the right direction. Your heart line ends here in a perfect spot between your first and second finger, and this shows a relationship that builds and grows slowly but steadily all the way through life and is still going strong in your old age. You are very fortunate.

You have a trace of a Girdle of Venus. This is very useful if you are doing something creative, but in daily life is just a nuisance. It means that you are very sensitive and feel things very deeply. This may have held you back a bit in the past, but you are getting it more and more under control the older you become.

[This above portion amazed me. Firstly, at this point in my life, I sincerely believe that I am headed on the right course, and the small ups and downs have been a constant in my past. Because I enjoy the arts, in general, Per depicts my creative side to a 'T' and also explains how my daily routines can sometimes become quite mundane.]

Now I look at your Head Line, which indicates your mental abilities.... to read the full article, go to [HolisticJunction.com](http://HolisticJunction.com)...

Per Hogset's Palmistry reading is a remarkable glimpse of my life and the attributes thereof. When I shared my palmistry report with others, I was told that it described me completely. In retrospect, it is in essence, a portrait of me.

So, does hand analysis tell me everything that I want to know? Perhaps quite not everything, but this palm reading paints a picture of what I am, and of what I am capable. Like a map, the palms lay foundation to the gateways of yesterday, today and tomorrow. What we do with that map, is entirely up to ourselves.

'Palmistry for Fun and Profit' – A Remarkable Ebook Review  
by C. Bailey–Lloyd

Per Hogset is quoted as saying, "How to Find Out ANYTHING about ANYONE in 5 Minutes or Less...Just By Looking at Their Palms (Even Things They Wouldn't Want You To Know...)." His words are undeniably, the most truthful assessment of his impressively–written ebook, *Palmistry for Fun and Profit*.

After having had the opportunity to read Per Hogseth's ebook, I found myself deluged in its informative and intriguing composition. Word for word, it was not only easy to understand, it presented me with enlightening insight into the world of palmistry and a definitive look into personal character traits, and how to utilize palmistry knowledge to further personal growth, happiness and life fulfillment.

Palmistry for Fun and Profit is an efficacious tool for those seeking to broaden their comprehension on how to read and decipher palms. Beginning with a knowledgeable introduction of palm-reading and its vast history, Palmistry for Fun and Profit compels the student to read further and learn even more.

Comprised of detailed, palm-mapping images, Palmistry for Fun and Profit is likened to that of an educational course. It is a refined and smartly-written instructional publication on how to discover the diverse meanings of hand/finger size and shape, the independent variables in relation to Astrology, impressive line descriptions, and much more.

For the beginner, Palmistry for Fun and Profit, is an advantageous, learning instrument – not only enhancing scholarship to reveal one's own personal attributes, abilities and destiny; this ebook is an exemplary instructional manual on how to help others uncover their own personal career and lifepaths; including individual fate, love fulfillment, and numerous other points.

Additionally, Palmistry for Fun and Profit elaborates on how palmistry aptitude can be transformed into a lucrative business; and explains how to transition your acquired knowledge and practiced expertise into profit.

I would recommend Palmistry for Fun and Profit to individuals who are seeking a broader vision to their life purpose; and to those interested in turning their palmistry skills into a self-employed occupation.

To order his book or to learn more about Palmistry for Fun and Profit, feel free to peruse Mr. Per Hogseth's website at [www.profitablepalmistry.com/](http://www.profitablepalmistry.com/) or you may contact Mr. Hogset for even more valuable information at:

#### About Per Hogset:

Mr. Hogset is a professional palm reader, who at a young age, had an intuitive knack for magic and even hypnosis. A native of Norway, Per has extensive wisdom and practice of palm reading, and is currently teaching private courses. In addition, he frequents seminars where he is a professional speaker and provides consultations for many psychic associations in Norway. Today, he still practices private readings for clients, and sometimes renders magic performances.
