Lake Cumberland Kentucky

By KentuckyAdventure

Most native south-central Kentuckians are familiar with the benefits the Indiana and Ohio Navy

bring to the small towns surrounding , Lake Cumberland. Typically as soon as the mercury hits the mid-eighties, they start rolling into town with their classy SUVs and fantastic speed-boats. If you ask some of the "old-timers" if the area has always been such a tourist hot spot, they will tell you no for sure. They might even tell of a relative who aided in the sequence of events that lead to the impressive lake.

Costing \$80.4 million in 1950, Lake Cumberland was constructed to not only alleviate flooding but also as means to produce hydroelectric power. With a shoreline like none other of 1,085 miles, the lake spans 50,250 acres. Temperatures from June to September are perfect for a variety of leisurely activities. At the start of summer the water is the mid-seventies and tops off in August at around eight-four degrees. Imagine taking the pontoon out in July on a classic Kentucky summer day. Will you sit in the captain's chair and cruise the lake or is it more your speed to anchor somewhere and enjoy the soft waves while floating on a tube? Launching a water craft of any kind off of one of Lake Cumberland's many boat ramps is for any summer-time enthusiast.

During the summer months Lake Cumberland sees no shortage of watercraft or shortage of variety. In the course of one "voyage" on the lake one might see luxury houseboats, runabouts, speed or powerboats, jet skis, pontoons, and the lone fishing boat anchored in a quiet cove. A passerby might encounter any number of vehicles while on the lake---be prepared to wave! There is something about being on the lake that brings out hospitality in visitors both local and tourists. The lake is notorious for its scenic beauty, do not be surprised when a bright speed boat whizzes by with a skier pulled by rope who appears to paying more attention to the green hills and occasional hawk. It is all part of the atmosphere of Lake Cumberland. Then there is tubing! Tubing is a sport all in itself. A nice long rope tied to an inner tube then secured to a powerboat will provide any dare devil the ride of their life. To obtain the greatest high of all, choice in driver (of the boat) makes all the difference.

In addition to a variety of water sports, the Lake Cumberland area offers a variety of hiking and camping opportunities. Specifically Lake Cumberland State Park has much to offer all in one location. There you can stay in the lodge, rent a cottage, or camp---I suppose it all depends on how much luxury

Lake Cumberland Kentucky

you need. The state park has a four mile loop trail that has many spectacular views of the lake as winds through the beech, hickory, and oak forests. The other trail is one and half miles long one way and boasts of much of the same including a variety of wildlife. Lake Cumberland State Park is also the home of a fantastic restaurant, a nice golf course, and of course Lake Cumberland State Dock where houseboats are rented. If you have a few days to spare and need something to do I would recommend that you visit Lake Cumberland.

Lake Tahoe Luxury Rentals – What to Expect, and Why to get one

By Kevin Rockwell

When you're looking at Lake Tahoe luxury rentals, you're looking for something that's going to be a little more expensive than just a simple rental. After all, that's where the 'luxury' part comes in, otherwise it wouldn't be Lake Tahoe luxury rentals, but rather Lake Tahoe rentals. There are many benefits to having a Lake Tahoe luxury rental, and there are many different things that you can expect.

When you are shopping around for Lake Tahoe luxury rentals, expect to pay anywhere from \$250 a night to, at the highest, \$8800 a night. If you're looking at the Lake Tahoe luxury rentals that feature only two bedrooms and a bathroom, expect to be paying anywhere from \$250 to \$500 a night. Some of those Lake Tahoe luxury rentals will have a hot tub, but most aren't lakefront. If you're looking for three bedroom Lake Tahoe Luxury rentals, you should be in the \$300 to \$800 a night range. Some of these Lake Tahoe luxury rentals will include a hot tub, but once again, most of these Lake Tahoe luxury rentals will not be on the lakefront. Once you start to look specifically for Lake Tahoe luxury rentals that are on the lakefront, and those that have more bedrooms, you're looking into the more expensive Lake Tahoe luxury rentals. For starters, the cheapest five bedroom Lake Tahoe luxury rental you are going to find is \$350 a night, and that's for something that barely compares to the other Lake Tahoe luxury rentals. Generally speaking, you'll find most of these Lake Tahoe luxury rentals in the \$600 to \$1000 range, but they are by far the premiere Lake Tahoe luxury rentals. The very highest of the Lake Tahoe luxury rentals that you're going to see is going to be nearly \$9000 a night, but these Lake Tahoe luxury rentals are on the steep side, and spectacular.

Why would you consider some of the Lake Tahoe luxury rentals? Well, for starters the Lake Tahoe luxury rentals are surrounded by a variety of activities. Some of the Lake Tahoe luxury rentals are close to the ski hills, while other Lake Tahoe luxury rentals are closer to casinos and other night life. All in all, if you choose to go with one of the Lake Tahoe luxury rentals you can't go wrong.
