**Let It Snow**

by: **News Canada**

(NC)–Yellow snow never tasted so good, thanks to the new Hamilton Beach electric Snowman&trade; Ice Shaver that produces mounds of soft, fluffy snow in seconds for cool snow cones, slushies, tropical drinks, sorbets and more. Unlike crushed ice, the fluffy consistency of shaved ice absorbs the ice flavouring so no puddling will occur at the bottom of the container. Entertaining...produce eye catching ice beds with the Hamilton Beach Snowman&trade; Ice Shaver for appetizers, shrimp cocktail, salads, fruits, oysters, etc. The Hamilton Beach Snowman&trade; Ice Shaver produces inexpensive, nutritious, high quality entertaining treats that are enjoyable for all occasions and ages groups.

For tropical flavourings, sample fruity liqueurs such as a yellow banana, bright green melon, orange coloured passion fruit, or, if iced coffee is more your cup, try Irish cream drizzled over shaved ice. Colourful sodas such as grape, lemon–lime, cream soda, orange, etc. are great nonalcoholic choices. For vitamin packed alternatives, flavourings such as frozen unsweetened fruit juice, fruit or yogurt provide a nutritious base for tropical drinks, sorbets, or snow cones. Many cultures for centuries have enjoyed snow treats. Generally sweet, snow treats can alternatively be seasoned with chopped herbs, nuts and spices for a nice accompaniment to an entrée. Or, if you need to cleanse your palate between courses, a sorbet does the trick.

Overcome by the heat of summer, need something to quench your thirst, having a pool party or you simply crave a light tasting dessert, a snow treat is the answer. Simply place the electric ice shaver on the countertop; place a bowl, cup or other container onto base platform to hold shaved ice; place ice cubes/pucks into ice chamber; push the child–friendly oversized on/off button to start shaving process; scoop ice shavings into paper cups, glasses or bowls; pour flavourings on top of snow.

Whether you lick it, eat it with a spoon or slowly sip your frozen treat, you can't help but forget summer's heat. With its easy cleanup, portable size, and safety features, the Hamilton Beach Snowman&trade; Ice Shaver is a great addition to your existing barware/ kitchen appliances. The Hamilton Beach Snowman&trade; Ice Shaver will be available in leading retail outlets starting early

## Let It Snow

June. Suggested retail price of the Snowman® Ice Shaver is approximately \$39.99.

the NC services.

### **Evaluating snow blowers to meet your needs**

#### **By Wildfire Marketing Group Content Development Team**

You've got snow, lots of it, and you don't want to spend all day shovelling it. With all of the snow blowers on the market today how do you choose the best one? The short answer is that there is no such thing as "**the best snow blower**" because like any other tool, it's a matter of choosing the most appropriate one for the job. Snow blowers can range greatly in size, capability and price so it's important to choose the snow blower that is best capable of handling your needs. Anything smaller will cause you to do more work than necessary and anything larger will cause you to spend more money than you really need to.

One of the most popular brands is

<http://www.snowblowerfacts.com/toro.html>

Torro snow blowers

because of their durability and dependability. They come in a range of sizes offering both single stage and two stage models.

If you're looking for a long-lasting piece of equipment, a

<http://www.snowblowerfacts.com/honda.html>

Honda snow blower is the choice for you. In fact, with regular maintenance, there is no reason that your snow blower shouldn't last and run well for at least 20 years. Like the Torro models, Honda snow blowers come in a wide range of sizes. Because of their quality, they are priced slightly higher but the investment is well worth it.

For those of you that get a little less snow, a more economical model may be more appropriate. In this case, the

<http://www.snowblowerfacts.com/mtd.html>

MTD snow blower is right up your alley. MTD is

the parent company of snow blowers including White Outdoor, Yard Machines, and Yard Man. While the investment to own one of these snow blowers is smaller than that of Honda or Torro, it is still a great value for the price.
