As a being of power, intelligence, and love, and the lord of his own thoughts, men/women holds the key to every situation, and contains within himself that transforming and regenerative agency by which he/she may make himself/herself what he/she wills.

It is suggestive rather than explanatory, its object being to stimulate men and women to the discovery and perception of the truth that—

"They themselves are makers of themselves"

Only by much searching and mining are gold and diamonds obtained,men and women can find every truth connected with his/her being, if he/she will dig deep into the mine of his/her soul. That he/she is the maker of his/her character, the molder of his/her life, and the builder of his/her destiny, he/she may unerringly prove, if he/she will watch, control, and alter his/her thoughts, tracing their effects upon himself/herself, upon others and upon his/her life and circumstances, linking cause and effect by patient practice and investigation. " As a Man thinketh "

Our mind may be likened to a garden, which may be intelligently cultivated or allowed to run wild; but whether cultivated or neglected, it must, and will bring forth.I found that when you start thinking and saying what you really want then your mind automatically shifts and pulls you in that direction.

The power of ambition turns eager desires into reality, giving you the inner drive to increase your salary ... achieve financial security ... lead a happier, more fulfilling life ... and enrich the lives of everyone around you. If you want something that you never had be prepared to do something that you never did, Yes thats it exactly.

I found that when you start thinking and saying what you really want then your mind automatically shifts and pulls you in that direction. And sometimes it can be that simple,

just a little twist in vocabulary that illustrates your attitude and philosophy."

See, Life is not about MONEY, life is about LIVING. There are always so many things to see on this earth to hear to feel to taste so many places to visit so many CULTURES people living differently. There are so many things to LIVE for. I think LIFE is a FUN GAME, Only a FUN GAME and if LIFE cannot give YOU what YOU deserve/expect, If YOU cannot live the LIFE YOU want because YOU do not have enough MONEY. Then YOU need to get that MONEY. That's the only REASON. Who are you? No labels now. No descriptions. Who are you? Can you answer that question? It will take some soul searching. You are so unique there is no one else like you on this planet. Think about it.

You are a one of a kind. And you are only in this life once! Your life as you have ordered it, has arrived.

You are important, valuable. You have a unique talent. There is only one thing you have to do in your

life. You have only one contribution to make to this world. Never, never, never accept a life that doesn't fit.

The answer is within you. Do you know what it is? Some of us know what it is early in life, others take a lifetime to figure it out.

## **High Performance Mastery: Top 7 Principles For Transforming Your Business From Mediocre**

### **To Great**

#### **By Denise Corcoran**

In the words of motivational speaker, Les Brown -- "You don't have to be great to get started, but you do have to get started to be great." Where do you start to transform your business from mediocre to great?

Below are your top 7 essential ingredients for cultivating greatness within your own business:

1. **KNOW WHAT YOUR BUSINESS STANDS FOR AND LIVE THOSE VALUES.** More than ever, today, customers don't just ask "what products do you offer?" They also ask "what values do you stand for?" What values does your business stand for? What practices have you developed to live those values daily?

2. **KNOW YOUR COMPELLING "WHY."** Viktor Frankl, the great Austrian psychiatrist, said it best: "Success, like happiness, cannot be pursued; it must ensue ... as the unintended side effect of one's personal dedication to a cause greater than oneself." For what "transcendent" purpose does your

business exist? How does your business make a difference in your customers' lives?

3. ALWAYS SEEK THE EDGE. In 1954, Roger Bannister did the seemingly "impossible" and ran the first 4 minute mile. When asked how he did it, he said "It's the ability to take more out of yourself than you've got." How can you "take more out of yourself than you've got" to achieve the seemingly impossible in your business?

4. DARE TO BE DIFFERENT. Contrarians are the change agents in the business world. These wealth–building businesses are not simply "executing better" — they're radically changing the rules of the success game in their field or industry. Where in your business can you break the rules? How can you set yourself apart from the crowd in your industry?

5. FIND MODELS OF GREATNESS. Within every industry, every geography, every career path, there are examples of greatness everywhere. Find those people, those businesses that inspire you the most. What is it about them you would like to emulate? What changes can you make today to be like them?

6. KNOW THE END IN MIND. Great businesses **\*\*decide\*\*** their future. They are not dictated by it. They know exactly where they want to be, by when, how, and then persist in getting there. What decisions have you made about your business future? What do you need to decide differently in order to have a great outcome?

7. COMMIT TO PERSONAL GREATNESS. Your business is a direct reflection of where you are at. It only grows as quickly as you do. To build a great business, you must commit to your own personal greatness. How do you define personal greatness for yourself? What changes can you make to unleash your own greatness?
