Are You Guilty of Stinkin' Linkin' Thinkin'?

By John Gergye

Do you know what kind of sites are suitable link partners for your site?

If you do give yourself a gold star since many seem not to. At least based on the questions I get.

You see most think small. Too small. And limit the potential universe of perfectly good linking partners.

Hogwash.

A bit further afield would be... juggling sites juggling suppliers juggling training site

plus if any such sites exist... lion tamers trapeze artists mime fire eating

But I'd even go as far as kids entertainment birthday party sites or magicians even.

Life As A Juggling Woman

For instance entering "clown resources" returned among others this site

www.clownresourcedirectory.com/

. By itself this one alone would give the owner of the juggling midget

. Or test your search engine IQ by

taking his seo quiz
