Lingerie Sizzle You Are Going To Love

By Bridget P. Allen

If you are looking for a way to light up your night life, look no further than your local lingerie store or boutique. Simply changing your typical bed time clothing from a frumpy pair of shapeless pajamas to a sexy outfit that leaves little to the imagination can jump-start your love life! Your partner will be more than happy to show his or her appreciation once you appear in that next-to-nothing negligee that is stunningly sexy. If you are unaware what types of lingerie you have to choose from, look no further!

1.) Teddy's - Get the 411 Now

If you think of a teddy as a cherished childhood toy, think again! No kid ever had a teddy like one of these (and if they did...their childhood was obviously better than yours!) A teddy is a one piece lingerie item, quite similar to a one piece bathing suit. Usually, the legs are high cut and can be a thong in the back. A teddy is much like a body suit. Usually, teddies are quite fitting, so you may need to ensure you have the proper size before buying.

2.) Baby Doll - Put some heat in your nights

Although the name sounds sweet, baby doll lingerie can run from the wholesome to the steamy. A baby doll is generally a very short night dress, often made from some wispy, see through material with a great deal of lace, ribbons, and bows. This piece of lingerie is loose fitting and usually sleeveless, but may have short flutter sleeves.

3.) Chemise - Sexy is as sexy does

Many individuals picture a chemise as the traditional piece of lingerie. This lovely piece of sleepwear can be used for sleeping, where the teddy probably will not last the night. A chemise can be made of any material and is a sleeveless, short night gown. Usually a bit more fitted than a baby doll, a chemise can be a simple cotton gown for hot summer nights or a sultry silk number for heating up the nights.

4.) Pyjamas - Not necessarily for sleeping anymore

Lingerie Sizzle You Are Going To Love

Although pyjamas may not seem sexy numbers to wear to bed, think again! Pyjamas are nothing more than a top and bottom worn together as a pair. Slink into a superb pair of silk pjs and surprise your significant other in bed! A pyjama set is perfect for wearing around the house, so that you can display a bit of modesty outside the bedroom that the other types of lingerie usually do not allow.

Todays Lingerie – Just Not Women's Underwear

By Wendy Yeager

The modern dictionary's definition for lingerie is women's underwear or linen articles, especially garments. Today our choices of lingerie are not so limited.

Some women think of lingerie as only sexy panties, sleepwear, teddies, bustiers, or thongs. Lingerie also includes bras, comfy panties, slips, camisoles, girdles, robes, nightshirts, pajamas, nylons and more.

Women's lingerie is made of many different fabrics including cotton, nylon, satin, silk, lace, etc. We can also choose from an array of colors from pastel pink and lavender to more bold red and black.

So, with all of the choices and styles in women's lingerie, any woman can find something to fit her taste. Whether your lingerie of choice is thong underwear and teddies or cotton briefs and nightshirts, you're sure to find lingerie for women that is both comfy and flattering.
