The following is an excerpt from the E-Book of the same name.

Utilising the Full Resources of the Internet to Promote your Fiction

It would be great, wouldn't it?

It's a companion piece to my earlier article based on my book 'Writing Fiction for the Internet' (

<http://www.stbrodag.com/buy.html>

). In that volume, I described the basics of building a website and

marketing your book across the web.

I'll show you how to use colour, sound and images to enhance your book.

I'll help you to find the sites you need and pass on tips that I've learned along the way.

At the end of it all, I hope that you will have a book that will grab people's attention.

As an example, I'd like you to look at my own website.

I'm combining words, pictures and sounds on this web page.
