Most Popular Sweaters

By John Francis

Crew neck and v-neck sweaters can comfortably be worn over a t-shirt with jeans for a more casual appearance. These sweaters can also look great with a nice pair of slacks and over a button down shirt, for a professional appearance in the work place or even on a date. These are simply a must for every wardrobe.

Cardigans that are made of cotton, wool or cashmere can be thin enough to wear beneath a jacket. They have a double zipper that allows you to be able to pull it on or off with ease. These are ideal for layering, either over a t-shirt, a button down or beneath a jacket, with jeans, corduroys or dress pants. If you don't own one already, go out shopping and try one on and see how you like it.

Polo sweaters can easily be found in the summer months. They are made of a light cotton material and have short sleeves. They make a stylish alternative to t-shirts and can keep you cool in the warmer months. They are look great when worn with khakis and would look great at work on casual Fridays.

Turtleneck sweaters is basically reserved for the colder winter months. Turtlenecks fit best when they are more fitted to the body and neck and should not be worn too baggy. A chunky cable knit turtleneck would look great with a nice pair of jeans. Whereas a light weight cashmere or merino wool turtleneck would look exceptionally stylish under dress jackets.

Cashmere sweaters are probably the most luxurious items you can have in your closet. Although wools and cottons share a warm place in the heart of your closet, the ultra soft material of the cashmere sweater can be worn comfortable all year round. If you don't own one already, then try to make your first cashmere sweater a neutral tone such as black, charcoal or navy, a color that can be worn with just about anything.

Now that you've gone shopping and bought a closet full of these irresistible sweaters, here are a few tips on how to take care of them. Any cotton, wool or cashmere should be dry cleaned at least once per season. Although Cashmere and wool can be hand washed with a gentle laundry detergent like Woolite. As a matter of fact, your sweaters will come out feeling more softer by hand washing them then by dry cleaning.

Craft Crocheting From Your Home

By Pierre Benoit

Crocheting is not only a craft but an art. Once you master the basic stitches you will be well on your way to creating masterpieces you will be proud to share with your family and friends. Anyone can learn to crochet as long as they put their mind to it.

Before you run out and buy your crocheting supplies decide what you want to crochet first. According to the item you choose, you will need different size needles and yarn weight. All this information is with the patterns and you will see just how easy it is to achieve your goal of crocheting your first work of art.

You will be crocheting from toys to sweaters in no time. There are so many different items you can crochet. There are snowflakes for the Christmas tree, sweaters for your best friend, and house slippers for every member of your family. You can even learn to crochet baby bibs, blankets, and outfits.

No matter what you choose to crochet you will find everything you need on the Internet! No need to leave the house. Some websites provide you all the supplies for crocheting and knitting with just a click of your mouse. You will need crochet hooks, yarn, and sometimes needles. The crochet hooks come in several different sizes. The yarn is in different weights and you can find them all right by shopping online.

So, when you need to buy your crocheting supplies, come at Crochet Resources first. Save yourself some time and money by shopping online.

Pierre Benoit is an Affiliate Marketer and a Webmaster. His website Crochet Resources provides a selection of crochet information, news, supplies and resources. His website Crochet Patterns presents a selection of crochet patterns for every occasion.
