**NFL Week 1 Games**

**By Sebastien Veilleux**

The NFL season is almost here. The last week of preseason is being played and teams are getting ready to trim down their rosters. What great games will we have in week one? This is usually the week when novice football fans realize that preseason doesn't matter. All the good teams return to form and the bad teams, which were dominating in preseason, begin their horrific trip through the regular season. Here's a listing of games going down in week one in the NFL.

Thursday September 7

1. Miami Dolphins at the Pittsburgh Steelers

The Dolphins have been over hyped this off-season. Here's a great test for this Miami club right out of the gate.

Sunday September 10

2. Atlanta Falcons at Carolina Panthers

The battle for division supremacy begins right here.

3. New Orleans Saints at Cleveland Browns

4. Seattle Seahawks at Detroit Lions

The Seattle Seahawks get a fairly easy game to open the season. The Lions have a new offensive coordinator.

5. Philadelphia Eagles at Houston Texans

6. Cincinnati Bengals at Kansas City Chiefs

## NFL Week 1 Games

Will Carson Palmer be ready for action? This will be a hard fought game.

### 7. Buffalo Bills at New England Patriots

The rivalry gets going in week one. The Patriots have lost a great deal this off-season. Are the Bills ready to step it up this year?

### 8. Denver Broncos at St. Louis Rams

### 9. Baltimore Ravens at Tampa Bay Buccaneers

### 10. New York Jets at Tennessee Titans

How long before we hear chants calling for Vince Young?

### 11. San Francisco 49ers at Arizona Cardinals

One of the worst games this week. The only reason to watch is to see the Cardinals news stadium and to see how Edgerrin James runs for Arizona.

### 12. Chicago Bears at Green Bay Packers

Is this it for Brett Favre? Will the Bears find an offense?

### 13. Dallas Cowboys at Jacksonville Jaguars

Great opening game for two clubs looking to step it up this season. Will Owens actually play in this one?

### 14. Indianapolis Colts at New York Giants

Sunday night football starts out with a monstrous game. How will P. Manning do without James? Can either of the Manning brothers win a playoff game?

### 15. Minnesota Vikings at Washington Redskins

The Redskins are proving that offense is not their thing. The Vikings believe they have a shot at their division this season. This should be a good Monday night game.

### 16. San Diego Chargers at Oakland Raiders

You are now up to date on week one in the NFL. It's going to be a great week.

## **The Largest Professional Sports Team**

**By Jena Luthovski**

In America, the largest professional American football is the National Football League. It is made up thirty-two teams that come from American cities and regions. The league is made up of two conferences called the American Football League (AFC) and the National Football Conference (NFC). Each conference is then divided into four divisions that are made up of 4 teams and the four divisions are called East, West, North and South.

A regular NFL season is sixteen games. The season is played from September to January. Each team is allowed to one week off. When the regular season ends, six teams play in tournament called the NFL playoffs. The tournament is a single-elimination, meaning that one team only has one chance to win. If they lose that one game, they are out of the tournament and get to rest, wondering how they can make it to the championship next year. The championship is called the Super Bowl and most Americans watch it on TV. They either watch it at home with their family or friends or at bars if they are feeling lonely. The championship is one of the biggest American TV events. The game is held two weeks after the last playoff game in city that has an NFL team or a popular college stadium. One year, it was held only one week after the last playoff game. The reason was because the league had stopped to honor the people who had died in the 9/11 World Trade Center tragedy. After the Super Bowl, one week later, the Pro Bowl is played between the NFC and the AFC. The Pro Bowl teams are made up of the best players in the league.

The schedule and the game in the NFL are very much controlled by TV. Nothing happens without it being documented by a TV camera. When the camera is off, there is no action in an NFL game. Game play only occurs in a game when the cameras are on. It is one of the major reasons that an NFL game is three hours long. By the clock, an NFL game should only be an hour and fifteen minutes. The game is divided into quarters that are only 15 minutes long. There is fifteen minutes for what is called a halftime. Every time there is some sort of break in the play, they go to a commercial. During the commercials, the players are not playing. The schedule is now being changed to make sure that the best teams play on Sunday night. They do not want the slaughters that usually occur on Monday nights when the weakest teams end up playing each other. Weak games mean that no will watch them. They want the strongest teams to play on Sunday night so they will do everything possible to make sure that there are good games on that night.
