NFL Week Two Part Four

By Sebastien Veilleux

In part four of our NFL week two preview, we will look at two NFL games. I'll review the following

games: the Patriots and the Jets and the Titans at the Chargers. Both of these games have potential playoff implications. The Patriots possibly get their second easy game in a row, while the Chargers will face an increased task this week. Let's take a look.

New England Patriots at New York Jets

The New England Patriots received a gift last week when Buffalo Bills quarterback J.P. Losman danced around in his own end zone and got tackled. The Safety by the Patriots gave them a 19-17 lead as time was running out of the game. The end result was a Patriots win. The New York Jets looked a bit resurgent as quarterback Chad Pennington passed for 319 yards and two TDs. The Jets went into Tennessee and surprised the Titans team by beating them 23-16.

The Patriots have owned the Jets over the past three seasons. This Sunday they will go into New York looking to expand their winning streak against the Jets. Could this be the week that the Jets surprise the Patriots? While Tom Brady played poorly in the Patriots opener, Maroney looked great on the ground. The Jets did have 91 rushing yards last week, but they lacked a go to guy. 71 of those 91 yards were split between running backs Blaylock and Barlow.

Pick: Jets Why? I like upsets. If Pennington passes for 300+ yards again, it could be a long day for the New England defense.

Tennessee Titans at San Diego Chargers

Tennessee was surprised last week when the Jets came to town and beat them. The difference in the game was the play of Kerry Collins who once again showed that he's not a great QB. Collins was 17 of 38 for 223—not a great completion percentage. He did complete two passes to the defense. It wasn't his entire fault. Titans receivers were dropping passes. The offense looks like it's lacking continuity. Vince young made his NFL debut by going 3 for 4 for 27 yards, but he threw an interception. How long before Titans fans start pushing for Young to start?

The Chargers had a cakewalk on Monday night as they beat the Raiders 27–0 in Oakland. The Raiders couldn't even score in garbage time. Tomlinson had 131 yards, but 58 of those came on one run. He had 31 touches. Rivers only threw 11 passes for the Chargers and that's probably what he will have this week as well. The Chargers want to ease him into the game. The most important thing for them is that he not make mistakes. They are not counting on him for big games yet. He had 108 yards passing last week and could get more of the same this week.

Pick: Chargers Why? They are at home and have won the last 3 meetings against the Titans. The Chargers defense could win up with a couple interceptions as well.

The Largest Professional Sports Team

By Jena Luthovski

In America, the largest professional American football is the National Football League. It is made up thirty–two teams that come from American cities and regions. The league is made up of two conferences called the American Football League (AFC) and the National Football Conference (NFC). Each conference is then divided into four divisions that are made up of 4 teams and the four divisions are called East, West, North and South.

A regular NFL season is sixteen games. The season is played from September to January. Each team is allowed to one week off. When the regular season ends, six teams play in tournament called the NFL playoffs. The tournament is a single–elimination, meaning that one team only has one chance to win. If they lose that one game, they are out of the tournament and get to rest, wondering how they can make it to the championship next year. The championship is called the Super Bowl and most Americans watch it on TV. They either watch it at home with their family or friends or at bars if they are feeling lonely. The championship is one of the biggest American TV events. The game is held two weeks after the last playoff game in city that has an NFL team or a popular college stadium. One year, it was held only one week after the last playoff game. The reason was because the league had stopped to honor the people who had died in the 9/11 World Trade Center tragedy. After the Super Bowl, one week later, the Pro Bowl is played between the NFC and the AFC. The Pro Bowl teams are made up of the best players in the league.

The schedule and the game in the NFL are very much controlled by TV. Nothing happens without it being documented by a TV camera. When the camera is off, there is no action in an NFL game. Game play only occurs in a game when the cameras are on. It is one of the major reasons that an NFL game is three hours long. By the clock, an NFL game should only be an hour and fifteen minutes. The game

NFL Week Two Part Four

is divided into quarters that are only 15 minutes long. There is fifteen minutes for what is called a halftime. Every time there is some sort of break in the play, they go to a commercial. During the commercials, the players are not playing. The schedule is now being changed to make sure that the best teams play on Sunday night. They do not want the slaughters that usually occur on Monday nights when the weakest teams end up playing each other. Weak games mean that no will watch them. They want the strongest teams to play on Sunday night so they will do everything possible to make sure that there are good games on that night.
