**Personal Profile Of The Week: Andy Brocklehurst by Larry Dotson**

Andy Brocklehurst is the owner of Succeed4u.com, a site dedicated to helping people start, build, run and succeed with their own business. And is the author of Infoproduct Magic and the creator of The Inner Room. He is also the publisher of the free weekly e-zine 'Succeed4u Weekly'.

Nickname: Don't have one anymore.

Age: 31

From: Somerset, England.

Present Residence: I am married to a US citizen from NC, USA. However we made a move back to the UK earlier this year, but getting out of one country to another is fun! So for the last few months I've been back and forth a lot. We will end up permanently based in the UK.

First Full/Part-time Job: First part time job was at a gas station, first full time job was in retail sales where I learned a lot about salesmanship (or is that sales-person-ship now? This PC stuff still confuses me at times)

Marital Status: Married.

## Personal Profile Of The Week: Andy Brocklehurst

Number Of Children: 1 daughter and 3 step daughters

Number Of Pet(s): 3 dogs, 1 parakeet and a large fresh water aquarium.

Pet Type(s)/Name(s): The Dogs are Daisy (a collie cross), and Chester and Sadie (both Lhasa Apso's). The parakeet is 'geezer', and I don't have names for all the fish :-)

Computer: Compaq Presario, with 1.1ghz processor, lots of memory, blah, blah. But until recently I was

still doing most of my work on an old P166mmx laptop – you don't need a super computer to write ebooks and work on the Internet.

Years In Business: Full time in Internet marketing since May 1999. Prior to that ran the Internet stuff part time and ran my own computer hardware business.

No.1 Marketing Strategy: Being personal on an impersonal Internet.

Most Prized Possession: My Aquarium

Indoor Hobbies/Interests/Activities: Playing cards, reading, occasional video games, conjuring.

Favorite Software/Video Game: WWF No Mercy on N64

Favorite TV Show(s): Newsradio, Frasier, CNN  
Headline News

Your Dream Possession/Vacation: A world cruise.

### **Finding Andy Warhol Pictures**

**By Dylan Mccabe**

Andy Warhol pictures have certainly transformed the art world. Regardless of whether you love him or hate him, it is an undeniable fact that Andy Warhol pictures have created what is significant in our present day culture. Pop art would never have developed and accomplished great deeds but for Andy Warhol pictures. He was a pioneer in many respects.

It is in Andy Warhol pictures that you begin to comprehend the magnitude of the fact that status and fame of artist and the importance of work are a highly popular cult in itself. Here is a great photography site

. It is in these photos that you see the initial trail of bringing

about a blend in the high art and low. Andy Warhol pictures bring out an artistic expression of popular culture in a way that no one earlier could portray. The culture was considered praise worthy, just as the earlier or the future ones were.

My college dorm room had Andy Warhol posters put up everywhere. I was introduced to Andy Warhol pictures through Velvet Underground. The famous Andy Warhol picture depicting a banana adorned their very first album. The Velvet Underground was huge supporters of Andy Warhol pictures. I being a Velvet Underground follower was soon introduced to the creations of Andy Warhol.

Now I am not as fond of Andy Warhol pictures as I was in my younger days, but still don't refute the fact that the man is definitely innovative. You might find it strange to call someone who has spent a whole lot of time imitating others original work a mastermind. Many people realize after looking at Andy Warhol pictures that advertising creations can also be considered art. So going this way, Andy Warhol definitely is worth some value. I certainly am against calling him any bad names. I was certainly immensely impressed when I was first exposed to Andy Warhol pictures during my college days.
