Plan for success

By Terry Telford

Plan for success by Terry Telford

Here's the secret and key to your success. Focus. Focus on your goals and plans. Plan your work and work your plan. Sorry, it's not very glorious or mind blowing, but it works. If you are like most SOHO (Small Office, Home Office) owners you are the Chairman/Chairwoman, CEO, president, vice president, marketing manager, accountant, secretary and janitor. You are responsible for planning, developing, marketing, publishing, delivering, cleaning, organizing – in short, you are the chief cook and bottle washer. So your focus is critical to your success.

Has this ever happened to you? You plan to go out on the web and gather some information. While you are out in cyberspace, you notice an ad for something that is not related to what you are looking for. Since it looks really interesting, you click on the ad anyway. By the time you are done clicking from one interesting ad to the next, you have lost two hours. Now you still have to go out and look for your original material. It's happened to all of us. The key is to stay focused on your planned task.

Here's one way to stay focused and organized while you are out on the www. First you need to set up a filing system in your web browser's 'favorites' folder. My favorites folder has a list of each of the websites that I am working with and in each of those folders are sub-folders. The sub-folders are labelled administration, marketing, sales, and misc.

And here's the little trick that goes along with the folders. Let's say you want to go out and browse through your competition's ezine advertising prices to see how they compare to yours. You go to an ezine directory to find ezines with comparable numbers of subscribers. Suddenly your attention is drawn to a flashing banner that says ADVERTISE FOR FREE – CLICK HERE. Of course you are interested in advertising for free! But instead of getting involved in that right now, click on the banner to pull up the webpage that it is linked to. When you get there, right click your mouse, go to the 'save in favorites' field and put it into the appropriate sub-folder – administration, marketing,

sales, or misc. Later when you have some free time, or have planned to search for new ways to promote your site, you can go to the 'marketing' sub-folder and take a look at how to get some of that free advertising that the banner was so excited to tell you about.

This is one simple way that you can add extra hours to your day. When you stay focused, you get more accomplished in a shorter period of time and achieve your goals much faster. Your success is directly related to your ability to focus and stay focused on your plan. It may take time to train yourself, but it is worth it.

I wish you all the success and happiness that you desire.

Your Success

By Frank Schmidt

Success starts in your mind.
Positive Thinking creates the advantage.

Success comes with a good mood.
Listen to your most preferred CD before an important meeting.

Success is increased with a little attention.
Give others something maybe a nice gesture is enough.

Plan for success

Success comes when your body is healthy.
Body and soul are inseparable.

Success comes with partnership.
Show this others by thinking for them.

Success is also a question of your outlook.
Do not leave it up to coincidence; instead plan carefully from head to toe.

Success is determinant with your security.
Everyone wants to be on the side of the winner.

Success is ruled by your target.
Set yourself realistic but always higher goals then demanded.

Success is a question of stamina.
Stay in the court! Hang in there! (Even when things seem to drift away)

Success is based on systematic work.
Without engagement no success.

Success is predetermined.
Train over and over again all possible situations.

Success is a state of your mind.
Check and if necessary change your old attitude towards others and situations.

Success is also the success of others.
It is no secret how they are successful! Watch them and let them teach you.

Success is the opposite of failure.
Delete the possibility of failure from your mind, since you are successful only.
