Amenities and Activities

For the most part, the basic types of activities and amenities that can be expected from a yacht chartering vacation are pretty much the same, regardless of which facility you choose for the planning of your excursion.

Although the particular attractions will vary from one destination to another, you can expect to enjoy excellent opportunities for fishing, water skiing, wind-surfing, snorkeling, scuba diving and kayaking, in addition to other water-related sports. For those who prefer to soak up the sun at the water's edge, there are plenty of beaches throughout the Virgin Islands, and most of the chartered yachts are equipped with spacious decks that are just right for getting a bit of sun without ever leaving your lodgings.

If you're booking a crewed yacht charter, or taking a group tour with others on a luxury yacht, then the menu is often prepared in advance, offering a delectable assortment of foods that will appeal to just about everyone. In addition, most will offer custom dishes for those who wish to enjoy a special favorite, since the chefs that accompany such cruises are generally pleased to accommodate guests in

such a manner. Other amenities include a wide variety of luxury items, specific to each model.

For a great sea-going vacation in the Virgin Islands territory, treat yourself to a chartered yacht, and enjoy the best of all possible worlds.
