Finding keywords to build your web site traffic.

By Tony Cooper

What are web site keywords and how do I go about finding keywords that will work for me?

So how do you go about selecting your keywords?

Firstly ask your customers how they would search for your product!

2. Expand Your Keywords into a List of Key Phrases

search engine optimization Birmingham UK

3. Got to word tracker.

4. Organise your workload

5. Prioritise your terms

Another keyword set!

6. Putting your keyword phrases to work

What do I mean by this?

There are "hotspots" on your pages that search engines look for when they are indexing your pages.

7. Repeat the dose

Summary

If you miss this vital step then all of your marketing efforts will crumble around you.

Now go and service that traffic!
