Several Car Web Sites

By David Corey

Can the absolute power of the Monte Carlo SS, the sheer volume of space of a Ford F-350 Harley

Davidson, or the luxurious feel of a Lexus LS-430 be appropriately represented on a website? The level of technology that can be seen on the internet is simply mind-boggling, but yet we don't have an equivalent to the real feeling although many people say that we don't to. Anyways there are visual, auditory, and 3-D presentation techniques that roughly replicate the real thing— the feeling of the test-drive.

You might even consider employment in the car industry after test driving a few of these cars! Here is a terrific car site

<http://www.hubcapreport.com>

. In a related aspect, the car web sites that are

informational, interactive and enjoyable are the ones that are most popular. These sites offer various features like pictorial representation, forums, exchange boards and rooms, also resources for studying and learning about car parts, tools, and accessories, history of auto make and model, and statistical data of comparison.

Bestnewcarprice.com is considered as one of the best car websites that are available. Besides providing you with the safety information regarding buying cars online, it also you with a search engine where you can find different makes and models. It also allows you to play with the out colors and to mix and match different options and also to place online orders.

Another great car website for classic cars is Classic cars Right from the time you land on the site, it gives you the classic car feeling. The Classic Cars baby teal and powder whites and crèmes that mimic the 57 T-Bird, chat rooms for classic car fanatics where people can find out, study, absorb and swap various ideas of modifying, restoring, and repairing your hot rod. And not to forget the most important of all, it also has a exhaustive and easy to use search engine which can be categorized by year, make and/or model

Several Car Web Sites

There are whole ranges of thrilling and rigorous car web sites; that have the potential to present you with information, deals for nationwide models like at the site Old Car(a.k.a. My Old Car). You can indulge in activities like chatting, searching or researching and can also search for dealers or private holder who can provide your dream car on rent.

Sometimes, instead of the entire car you might just want a hard to find part like a winch, or specific volume or a owner's manual that you misplaced, or you would want a perfect emblem or license plate that would complete you restoration. Such kind of serious car web sites contain high end performance and difficult to locate parts– like at Tracy Performance Tracey Perf dot com and Speed Part.

Even if you need trailers, ramps, tie–downs, and dollies you can find them at web sites like Car Trailers , Vehicle Ramps, Tie Downs, and Two Dollie respectively. And finally on sites like Vehicle Bag and Auto Covers, as the name suggests you would be able to find important things like vehicle bags and car covers respectively.

Although you wouldn't be able to touch or smell these models, it will surely keep you busy or in wonderland for a couple of hour at least.

7 Deadly Sins of Distributor Web Sites

By Jeff Gilman

7 Deadly Sins of Distributor Web Sites by Jeff Gilman

7 Deadly Sins of Distributor Web Sites

Survey of Distributor Web Sites in the HVACR Industry

Survey shows how web sites DID NOT try to sell. Examples include; few placed featured merchandise in best web page selling space, few offered `scratch and dent specials', and few provided resources for existing high volume customers. Complete text at

http://www.marketingforidiots.com/distributor_web_sites.htm.

Mr. Gilman has extensive management information systems experience gained in several capacities. He has held the positions of Senior Consultant with KPMG Peat Marwick, performed project management for the U.S. Agency for International Development, and was the Office Automation Project Manager for the Health Care Finance Administration and the Integrated Services Office Automation Architect for Saudi Telecom
