Side-effect Free Cholesterol Drug

By Melissa Gordon

Side-effect Free Cholesterol Drug by Melissa Gordon | October 20 2004

Advanced Plant Pharmaceuticals, Inc. is applying for patients and undergoing FDA suitable clinical trials for its newest venture Lo-Chol(tm). Lo-chol(tm) is a whole plant nutraceutical that in clinical studies produced a 58% reduction in cholesterol. The new class of medication is virtually free of side-effects with the same and sometimes higher potency than current cholesterol lowering prescription medications.
