Some Quick and Easy Ways For Guys To Start Enjoying Valentines Day Again

By Nicola Kennedy

Oh, no, it's Valentine's Day again. Every man out there is wondering how in the world they will be able to express their feelings and tell their loved one just how much they really do love her. It's not easy and when you just do not know what to buy or say, it can be very frustrating. To help all of the guys out there to have a memorable and fun way of spending the day, here are some tips to help you.

First, start off by knowing what she likes. If you don't know this, take the time to find out through watching her. What are her favorite colors, scents books, anything that would help you. If you can't figure it out, give her friend a call and ask. Make sure that you know what it is that she enjoys; her clothing size and anything else that will help you to find the perfect give.

Suggestions:

- * Make a meal. Send her to the store or anywhere to give yourself enough time to prepare a good meal for her. Make sure to dress up the table with candles and a beautiful table cloth. Put flowers into a vase and then clean yourself up too.
- * Do you like the outdoors? If you both do, take a trip out to a nicely secluded area and watch the sunset. Make sure you preplan the evening including the location, bring some wine, maybe a basket with dinner in it and a blanket for cuddling.
- * Go ice-skating. Enjoy a cup of hot cocoa afterwards.
- * Build a snow couple in the middle of your front yard. Place a cute sign next to it that reads that you love her on it.

Gifts:

- * Gift the gift of relaxation. Does she get her nails done or enjoy a spa? Give a gift certificate to her favorite location.

- * For the loved one who loves to cook, give her a personalized apron and plan a special meal together.
- * Luxury will get your far. Give her a luxurious bath robe, massage oils, and bath and body products for her to enjoy. You'll find them right online to purchase too.
- * If she loves to dance but you have two left feet, visit a dance lesson several times and learn how. Surprise her with an evening out dancing.
- * Purchase something that she would love to go with one of her collections, make sure she doesn't have it but would love it.
- * Have her car detail cleaned, adding in a pair of driving gloves and perhaps some flowers to go with it.

- * Time together. Probably the most amazing way for you two to make Valentine's Day special is through a special day together. Visit a museum, see a live show or find another way to spend time together. A nice meal at your favorite restaurant and time together can be the best way to enjoy the day.

Find a way that you two can get back to connecting with each other. This way, you can make it a much more personal day. Valentine's Day doesn't have to be difficult and frustrating.

Give a Gift of Poetry this year to your Valentine by Gary R. Hess

Valentines day is a special holiday for couples in all stages of their relationship. Married, engaged or just a dating, valentines day is the time for you.

We all know what comes along with Valentines, chocolate and flowers right? Well, it's time for a change. This year give your loved one the gift of poetry. Poetry you ask? Yes.

Some Quick and Easy Ways For Guys To Start Enjoying Valentines Day Again

Poetry lets you show your true emotions and lets your partner feel they are truly special. The poem doesn't have to be something you get from a well known poet and you don't have to go out and buy the latest *Poetry for Dummies*.

Poetry is about arousing senses and showing emotion. If you do that, you have a great poem.

However, if you feel you don't have what it takes to write or you are just plain lazy, there are many great places you can buy poetry, both customized and non.

One such place is

A Gift of Poetry

. They have a nice selection of poetry with great customer service. I

highly recommend them.

Valentines day is still a few days away, so you still have time to get your poetry ready for your loved ones. Give them a great gift this year, the gift of poetry!
