Success wants to hug you by Harish Dhingra

Hi to All

NOTE: This advertisement is being given on the behalf of a beautiful lady called success.

-----

Hi, I am looking for a sincere person to hug and greet. It doesn't matter how you look or talk. You should be honest and sincere in your work to be the lucky one.

Anyone can just step forward to hug me if you have guts and desire to follow in a direction and struggle till the end. It's a difficult path to walk and no short cut is there. I want to be your slave if you can handle me.

Just be honest in your work and keep on walking. I will meet you soon.

Lots of kisses and hugs are waiting for you from me :)

Wish you Happy Journey.

I am 25 year old guy from India. I can almost write about any of the topic. Please give me your feedback and suggestions for improving my articles and making some money. You can contact me at [innovativegemini@yahoo.com](mailto:innovativegemini@yahoo.com). Thanks in advance.

**Give a Hug for Happiness**

By David Leonhardt

## Success wants to hug you

Hugs have a long and honorable tradition, going back to the day the caveman first squeezed his wife and discovered that no ketchup squeezed out. Since then, he found that his wife makes an awesome teddy bear, and he can always squeeze a rhinoceros when he wants ketchup for his hotdog (which gave him the necessary motivation to go hunting when his wife asked him to).

Hugs remain an important part of our daily happiness, but some cultures raise better huggers. For instance, North Americans exchange way too few hugs, depriving themselves of an abundant source of warmth and comfort.

So for a little motivation to increase your happiness, here are the top five reasons to hug somebody today: Save on your heating bills (good for the environment, too!). Keep your shnookums from eating that extra piece of double-fudge choco-blaster cake. Hugging sure beats crying. Love makes the world go 'round, hugs help you gather it in. The warm glow of a good hug lasts for hours.

So go forth and hug somebody. No, not the parking lot attendant. It's too cold this time of year for that. But hug someone who wants to be hugged, and see if you might just bump each of your happiness up a notch.
