Summer Plus Size Clothing Tips

By Sarah Testa

Every season brings along with it different styles and trends. The same of course applies within the plus size clothing scene! So what should curvy women choose this summer to look their best? This article is a quick guide for curvy women to the plus size clothing they should opt for this summer.

The summer season is finally back with us. The heat is on ladies! Besides the lovely weather that this sunny season brings along with it, summer also brings with it many fashionable opportunities; as we see more vibrant colors and fun styles that we can mix and match with, even in the plus size clothing scene.

Summer is definitely the season where any lady can create a sizzling look. Though what are the items, patterns and colors that are in fashion in the plus size clothing world this summer season? This article will guide you to which items to choose and what styles to go for, to create your hot plus size clothing style. Be it chic, trendy or an elegant look you want to create, read on for some essential season tips.

What colors? The 'in' colors this summer are the natural and pale ones. Stick to whites, creams and beiges in your choice of clothing to keep your look fresh and summery. Adding a splash of color here and there, through accessories even, can also help define your chosen outfit and make you stand out from the crowd.

Which fabrics? Stick to the classics. Therefore your choice might be light and lacy skirts for instance; such fabrics will keep you fresh when the heat is up.

What about the patterns? The choices are endless as regards to patterns this season. Do not be afraid to be creative and experiment with patterns, as this is definitely the season to do so. Try a garden print for a 'naturel' look, or an ethnic print for a more trendy look.

As always, make sure you avoid any styles and looks which just make your full figure look shapeless. Love your curves and flaunt them! Therefore make sure the items of clothing you choose are in your correct size, so that they accentuate your curves. Do not choose a size bigger, nor a size smaller. Make sure the items you choose fit you in a way that they accentuate your plus size womanly curves.

Summer Plus Size Clothing Tips

Therefore this season remember to keep a fresh look to yourself! Keep your colors choices light, with a splash of color!

Petite Clothing – Misconceptions

By Bowe Packer

Petite Clothing – Misconceptions by Bowe Packer

One of the the many misconceptions about petite sizes is that you have to be some tiny little thing to qualify. It is almost a conspiracy if you think about it, just ask anyone in the department stores and you will find they aren't purvey as to what clothing petite size actually represents or means. So, if the young lady at the clothing store doesn't know then who does?

In truth the designation petite size refers to height, not girth: so, with that said, women under 5' 4" are considered petite, no matter if there size is 24 or 4. This obviously raises many questions when women are out searching for petite clothing.

For instance, although many shorter women's main concern is about how womens petite size clothing is going to fit. Such things like pants that aren't going to drag on the floor and shirts which the sleeves are the right length. Also, when trying to make the right selection from womens petite sizes there are issues of color and proportion that make this a daunting task.

Here are some words of wisdom: Don't get frustrated or discouraged if clothing stores don't offer the right style and flare of clothing petite size. This frustration will only lead you to the end of the road fast. Here is some encouragement though: clothing stores, both online and offline are quickly recognizing the gap and are working diligently to close it for all you petite size women. I know, you are saying it is about time!

Summer Plus Size Clothing Tips

These online speciality stores are filling your petite clothing needs, and fast.

Take a look at Blair.com or Elisabeth.com that specialize in just what you are looking for – clothes petite size.

Some Vital Petite Size Clothing Tips:

When are your search, look for monochromatic or tonal dressing, small or sleek lines, smaller patterns that compliment your accessories. Petite clothing that fits and is stylish by itself is hard to find. So, follow these tips to make it fun and even exciting to buy.

Remember your size when looking, the larger knit sweater seen on the latest runway, may not fall into your flattering category for your petite frame. Try putting different things together, maybe a lightweight sweater with a monochrome knit scarf or cap. Petite size clothes shopping can be fun and the petite size women can look stylish in her clothing.
