### THE MOTHER'S DAY MIRACLE

By Irvin L. Rozier

#### THE MOTHER'S DAY MIRACLE by Irvin L. Rozier

The Mother's Day Miracle, story number two (out of 50) from my book, My Walk with the Lord, [www.selahbooks.com](http://www.selahbooks.com), barnes and noble, amazon

II Samuel 12. 22, 23: "And he said, while the child was yet alive, I fasted and wept: for I said, Who can tell whether God will be gracious to me, that the child may live? But now he is dead, wherefore should I fast? Can I bring him back again? I shall go to him, but he shall not return to me."

One Mother's day, after church, I was laying down taking a rest when the phone rang. A Christian friend of mine said, "There is trouble at the cemetery, would you go see about it?" I felt the presence of the Holy Ghost and immediately drove to the cemetery. I got out of my car, looked around and there was not a soul in sight. I began to pray and seek the Lord for the purpose of my being there. After I prayed, the Lord spoke to me and said, "See that little baby's grave. I want you to go over to it and stand by."

As I stood by the baby's grave, I sensed the presence of the Lord. Five minutes passed by, ten minutes, 20 minutes, and the Lord said, "Have patience." After 30 minutes of waiting, I heard the sound of a car approaching. I looked up and saw a woman that I was acquainted with in earlier years. She came right to the spot where I was standing. That baby was hers and she was missing the child on Mother's day.

I began to talk to her and I told her that she couldn't bring her baby back but she could join her child in Heaven. She began to tell me all her troubles, her disappointments in life, her family problems, and her financial problems. As she began to unload, I felt the compassion of the Lord beginning to well up in me. Her family was feuding, her brother was sick, and she couldn't afford to call him.

I asked her if I could pray for her and she said okay. As I began to pray, the presence of the Lord came in a powerful way. I asked the Lord to reveal his love to her, and there at her baby's grave, she was born again.

## THE MOTHER'S DAY MIRACLE

The Lord told me to help her by giving her a little money. She tried to refuse to take it, but I insisted it was from the Lord. She said, "I will repay you some way."

Three weeks later, this 42 year old woman was brutally murdered. I spoke at her funeral and relayed what had taken place three weeks prior at the cemetery. This was the repayment to me and a great comfort for her family.

About a month later, one of her sisters called me and asked me to go to their house and have a service for the family. Her brother and sisters, mother and father, and most of the grandchildren were present. I preached Jesus to them and the Lord graciously blessed.

Since that time, her brother, her Daddy, and one of her nieces(21 years old) have gone on to be with the Lord. Surely, the Lord is good!

Matthew 4.19 "And he said unto them, Follow me and I will make you fishers of men."

#### **Chinese Relatives by Wong Yee Lee**

Chinese relatives

It may be interesting to know that, unlike western system, in China, we have different appellation for different relatives in a family. This is obviously good practice in order to tell who we are referring to in a conversation though some people may think otherwise!

## THE MOTHER'S DAY MIRACLE

I am sure this table can be endless knowing that one can have as big a family as possible. However, simply from the above, one can imagine how complicated it works when calling someone in your family in China. That is why it is not surprising that very often one doesn't know how to call someone when they meet in a Chinese New Year family gathering. What you need to know is that you always see this person every time you meet with your family and you can eat together at the same table.

Very often these days as well that sometimes my mother refers to someone about something in the family and she expects me to know who she is talking about. Well, the case is that I can hardly recall what this person looks like.....

In China, with the One-Child policy started over 2 decades ago, I think this system may not be as commonly used as before.
