Texas Hold'em

By Adel Awwad

Texas Hold'em has become the most popular variation of Poker currently being featured in the gaming world. Due to the popularity of Poker parties, the World Series of Poker and the World Poker Tour, more and more people are developing an interest in Poker. Further, the game of Texas Hold'em is of particular interest to gamblers.

Texas Hold'em is usually played with several people (usually more than 2 and less than 22). The game begins with the dealer doling out two cards face down, to each player. These are the cards that are shown and are the cards referred to as the "showdown." Then, each player makes a bet, after which the dealer deals a "burn card." The players are then dealt three community cards, face up, and then the second betting round begins. After this second better round, another burn card is dealt and then another community card. Finally, another betting round is held. This is followed by one or two more betting rounds and then the showdown.

The showdown is the official name for the final hand. When a player makes their bet and all of the other players in the game fold, then that player is the game winner and is awarded the money in the pot. If two players, or more, remain, then that is the showdown round. Each player must play the best hand of five cards that he can get from the seven cards (the two hole cards and five community cards). If the best hand is shared by the two players, then the pot is split between the remaining players.

This overview of Texas Hold'em is simply that, an overview. There are many different tips and tricks, particularly when playing in casinos whether the casino is virtual or real and the rules can often vary from site to site within an online casino arena. The best thing to do before joining a game of Texas Hold'em Poker is to check the rules of regulations of each online casino to be sure you comply.

Now You Can Play Texas Hold 'em At An Online Casino

By Kevin Rose

Looking to play an action-packed game of Texas Hold Em anytime day or night? Keep your car in the garage and hop on the Internet for a quick trip to an online casino.

Texas Hold Em is sweeping the world and you can find thousands of games going on at nearly any online casino. Playing Texas Hold Em online is actually better than playing at a physical casino. Not only do you avoid the expense of travelling to a casino, but you avoid the crowds, the distractions, and the cigarette smoke in your eyes from the player sitting next to you.

But that's all you'll avoid because playing Texas Hold Em at an online casino comes with all of the thrills and some pretty big pots.

Not only can you find an open seat anytime that you want one, but many of the top online casinos sponsor Texas Hold Em tournaments where the prize money can get pretty big.

The rules for playing Texas Hold Em online are pretty much the same as they are in physical casinos, but you should always check for casino-specific variations just to be safe.

If you are not an experienced Texas Hold Em player, you can get wiped out pretty quickly if you're seated at an online casino table with the "big boys". That's why many online casinos offer \$.50-\$1.00 Low Limit Texas Hold Em online poker games. With stakes that low you can afford to make mistakes while you hone your strategy without losing a bundle.

Once your skill levels improve you can move on to \$10 limit games where you'll be matched against more skilled players but you won't have to be worried about being clobbered by the high rollers who are playing online No-Limit Texas Hold Em.

Just because your bankroll isn't as big as you wish it was, you can still take advantage on the online casino Texas Hold Em tournament action by looking for \$10 Limit Sit-n-Go Tournaments which are limited to 10 players at a time.

Once you are confident of your abilities to play Texas Hold Em at the smaller online casino games, you can try your luck sitting down to play at the No Limit Texas Hold Em table with a buy-in as low as \$50. And when you really reach the top you can even play at multiple Texas Hold Em tables at the same time. That's something that you can only do at an online casino!

With many online casinos offering first-time Texas Hold Em players financial incentives like new player bonus dollars and match-play credits, it just makes sense to treat yourself to an online game of Texas Hold Em instead of packing up the family and heading out to some resort casino where you'll spend

hundreds of dollars just on room and meals. Texas Hold Em and online casinos --- it' a sure thing.
