## **The Brazilian Carnival - Multifaceted And Unique**

**By Naldo Camarones**

One of the biggest popular entertainments in the world was created by the fusion of European

traditions with African rhythms. The celebration of carnival is a ritual that has over 10,000 years of existence. Carnival, or carnival was born in Egypt. The word carnival is a derivative from the Latin words *carnem levare* or *carnelevarium*, which means "to abstain from meat". The tradition was passed through Greece and Rome, where it was adapted by the Catholic Church. When the Portuguese discovered and colonized Brazil in the 17th century, it was introduced as a very important part of the culture.

The Brazilian carnival is very dynamic and changes according to the State and region of the country. Here are the most notorious ones.

- Carnival of Bahia: The main attraction of the Bahian carnival is the *trios eletricos*, the musicians who go through the city on top of truck platforms equipped with loudspeakers. They play *axe*, typical Bahian music so the people can dance. They also have the traditional street parties.
- Carnival of Pernambuco: One of the most hallucinating rhythms of carnival first appeared here. It comes from the Portuguese word *ferver*, which means "to boil". When the people dance to this rhythm, they appear to be boiling en masse in the streets. This rhythm demands a lot of strength. There is also the *maracatu* and *ciranda*. The carnival of Olinda begins in the morning and ends in the evening. In Recife, carnival begins in the afternoon and goes all through the night.
- Carnival of Rio de Janeiro: Beyond the carnival of the streets and the clubs are the *escolas de samba*, a group of people from the local communities who parade in carnival. Each group represents a theme (*enredo*) to the sound of an orchestra or band (*bateria*). The members wear costumes according to the theme. It is similar to an opera, and they become the biggest attraction at the carnival.
- Carnival of Amazonas: As in Rio de Janeiro, there is a big parade of *escolas de samba* on a catwalk constructed especially for this purpose. It is the biggest one in the country. In Manaus, they adapted the costumes and rhythms to give them an indigenous style. This is called *carnaboi*. Beyond this, they also celebrate the *Bumba-meu-boi*, a traditional act that represents the kidnapping, death and

resurrection of a bullock. This symbolizes the farming cycle.

· Carnival of Sao Paulo: When the Paulista carnival began, it was restricted to the ballrooms across the city. Soon it came under the influence of the Carioca carnival and began to be celebrated in the streets. It emphasized the luxury of clothing, costumes and masks.

· Carnival of Rio Grande do Norte: Resembling the carnival of Bahia, this carnival distinguishes itself by the rhythms, which include the axe, frevo and other sorts of music. This carnival attracts over one million people.

### **Where Can I Get A Brazilian Wax?**

**By Paton Jackson**

A brazilian bikini wax should be done by and only by professionals. We do not advise to consider giving your self a brazilian bikini wax. Those professional waxers are easy to find. There are people who will come to your house to do the waxing process, but most of the women go to cosmetic salons to get their brazilian bikini wax.

Finding these salons could be done by searching via the web through the yellow pages or through any search engine. Just type "brazilian wax" +"name of the city you live in" in the search engine.

However, the best is to ask your fellow friends. You will be surprised to find out that more than a half of your female friend got a brazilian bikini wax at least once in their life time.

The next step would be choosing the best salon. Make sure that there are brazilian bikini wax experts that work in the salon and that there are no apprentices over there. You would not want someone to do his first time brazilian bikini wax on you.

Check the price of the wax. Do not pay less than 50 bucks or more than 100 bucks for the brazilian bikini wax.

Check the privacy in the salon. Some salons commit the brazilian bikini wax in an open room with a small curtain to separate between you and the rest off the women in the salon. This could be unpleasant if you feel like screaming while getting the painful treatment.

Some women don't like men to be their therapists watching and touching their most private areas. Ask the salon if you can have a woman therapist.

Brazilian bikini wax could be a painful experience but it's worth every moment. Most of the women get addicted to it. Choose the waxing saloon using the above tips. Don't go the first salon you see.
