**The Luxury Of The Volvo 740**

**By Claire Sessions**

When someone says Volvo, the image of both safety and power come to mind. Volvo has developed a solid reputation for these characteristics. However, many of you may not know where and how the company began.

The original Volvo Company was started in Sweden in 1927. "Safety cage and crumple zones" was their motto and this sparked the interest of consumers who were in their 60's. As now, back then their focus was on the security and safety of all their passengers.

In 1998, Volvo was acquired by the Ford Motor Company to become a member of its Premier Automotive Group. That has proved to be a great investment for Ford.

One of Volvo's vehicles, the Volvo 740, which was produced from 1984 up until 1992, was said to have a lifespan of a decade. Over the years Volvo has actually been powered by many different engines, such as the four-cylinder in-line OHC, 986 cc or 2,316 cc, six-cylinder in-line 2,383 cc Turbo Diesel.

In 1985 the Volvo 740 SE was introduced. It had fewer options as compared to the Volvo 740 model. But it was a great start for the Swedish manufacturer since it was actually supposed to be a midsize car that offered more style, performance and overall luxury. It had been offered as a four door sedan; initially it was known as the 744. And the five-door wagon was known as the 745. Though production stopped in 1992, the older models were useful. They provided engineering information as well as components, such as the vehicle's engine, transmission, chassis and many other important parts. This was used when the Volvo 940 was being built.

If you own a Volvo I don't have to convince you about its luxury and style. You already know how great it is. Now you just know where Volvo started out and how they have successfully changed over the years.

**By Kevin Rockwell**

After all, that's where the 'luxury' part comes in, otherwise it wouldn't be Lake Tahoe luxury rentals, but rather Lake Tahoe rentals. There are many benefits to having a Lake Tahoe luxury rental, and there are many different things that you can expect.

When you are shopping around for Lake Tahoe luxury rentals, expect to pay anywhere from \$250 a night to, at the highest, \$8800 a night. If you're looking at the Lake Tahoe luxury rentals that feature only two bedrooms and a bathroom, expect to be paying anywhere from \$250 to \$500 a night. Some of those Lake Tahoe luxury rentals will have a hot tub, but most aren't lakefront. If you're looking for three bedroom Lake Tahoe Luxury rentals, you should be in the \$300 to \$800 a night range. Some of these Lake Tahoe luxury rentals will include a hot tub, but once again, most of these Lake Tahoe luxury rentals will not be on the lakefront.
