The Snowman Cometh

By News Canada

The Snowman Cometh

by: **News Canada**

(NC)–Summer breezes carry the sounds of kids clamoring for icy, cool treats. The local traveling ice cream truck is now passe, with the new kid on the block, Hamilton Beach Snowman™ Ice Shaver. The Snowman™ stands ready to deliver fresh, inexpensive snow cones, slushies, frozen drinks or desserts, easily made at home for just pennies per serving.

Hamilton Beach's Snowman™ Ice Shaver is the life of the party and the backyard barbeque. Dress up birthday parties instantly with flavoured ice concoctions. Simply add fruit juices, lemonade, powdered drink mixes, sodas or other flavoured drinks to be frozen in the Snowman™ Ice Shaver's supplied ice disc molds and place in the Snowman™ Ice Shaver.

Even non-cooks will be considered gourmands thanks to an easy two-step process. For fresh ice, freeze water in the ice discs – or add ice cubes from the freezer. Add inexpensive flavourings and that's it. Clean-up is made a snap with easy to clean parts.

Children can help Mom create a special treat, and the child-friendly oversized on/off button makes it easy for little hands to start the action. As an added safeguard, the Hamilton Beach Snowman™ Ice Shaver is constructed with a safety interlock feature, which means the motor will not run when it is removed from the stand.

Designed to shave ice into mounds of soft, fluffy ice snow, the Snowman™ takes its job seriously. Leaving no hard chips or chunks, the Snowman™ Ice Shaver not only produces snow cones, drinks and even desserts, it also creates attractive buffet beds of ice for appetizers, shrimp cocktail, salads and fruits.

The Snowman™ Ice Shaver will be available early June at leading retail outlets across Canada. Suggested retail price is approximately \$39.99. For more information regarding the Snowman™ Ice Shaver, visit

the NC services.

Backyard Snow Activities For Children

By Nicole Dean

You look outside and see a beautiful blanket of white snow covering the ground. Your children are inside getting more and more restless as the morning progresses.

The next time this happens, turn off the TV, bundle up the kids, and head outside for some old-fashioned fun in the snow.

Snowman Who says lumps of coal are a bad thing at Christmastime? All you need to make a snowman is a few lumps of coal (or rocks) for eyes and a mouth, a carrot for a nose, sticks for arms, and a scarf and hat to keep him warm, and you'll have a snowman to make Frosty the Snowman envious. If you have very ambitious children, send them out to make an entire snow family. Your kids will be entertained for hours.

The Snowman Cometh

Snow Angels Have your children lay down in the snow and move their arms up and down, and their legs in and out. Then, have them stand up. Your little angel will have made an angel in the snow. Add glitter or a garland halo to make your snow angel sparkle.

Build a Snow Fort or Igloo There's no cheaper way to build a playhouse than with snow. Invest in some warm mittens for your kids, and send them outside with some buckets. They may get inspired and create an entire home, with snow–furniture and decorations. You may even provide them with a spray–bottle with water and food–coloring so they can 'paint' their igloo. Serve them hot cocoa with yummy marshmallows in their new home.

Snowball Fight Older kids love a good snowball fight. If you have a fluffy snowy day, jump into the fray with your kids and show them how a good snowball fight is done.

So, the next time you see the kids getting restless, bundle them up in cozy clothes, send them out into the snow, and start some hot cocoa brewing. Grab the camera and enjoy the day.
