The Sopranos (DVD) Review

By Britt Gillette

Along with Sex And The City, the HBO original series The Sopranos took the world by storm in the

late-1990s with its cutting edge drama and acerbic wit. A cross between The Godfather and the traditional nuclear sitcom family, the show provided a unique experience for a niche audience that quickly developed into a barrage of dedicated fans. Nominated for countless Emmy's, and winner of at least four in every one of its seasons except Season 2 (in which it carried home one), The Sopranos has cemented itself as one of the elite shows in television history...

Golden Globe performer James Gandolfini plays the title role of Tony Soprano, a middle-aged father of two, loving husband, and successful businessman. But contrary to a typical sitcom, Tony finds himself irritated by his kids Anthony and Meadow (Robert Iler and Jamie Lynn Sigler), he cheats on his wife Carmela (Edie Falco), and the business organization responsible for his success is the mafia (of which he is the local boss). All the confusion in Tony's life leads to massive amounts of stress, prompting him to regularly visit a therapist, Dr. Jennifer Melfi (Lorraine Bracco) – one of the few outsiders he trusts. Following a classic prime time soap opera format, quite similar to the hit TV show Dallas, The Sopranos provides audiences with a glimpse into the life and times of a mafia boss, where we find out that being a mob kingpin isn't the glamour life often portrayed in the movies...

The Sopranos DVD offers a number of dramatic episodes including the self-titled series premiere in which the groundwork for the show is set when Tony Soprano visits a therapist in hopes of ending his panic attacks (sounds similar to the plot for Analyze This!). In his initial session with the beautiful Dr. Melfi, Tony confides in her the stressful aspects of his extraordinary life – a demanding job, an unhappy wife, and rebellious kids (among other problems)... Other notable episodes from Season 1 include "College" in which Tony takes his daughter on a college orientation trip to Maine where he encounters a former (and current) enemy, and "A Hit is a Hit" in which Tony strikes out when he attempts to make friends outside of his close-knit circle...

Below is a list of episodes included on The Sopranos (Season 1) DVD:

The Sopranos (Season 3) DVD Review

By Britt Gillette

In the late 90's, The Sopranos, along with HBO's other original series with Sex And The City, took the entertainment world by storm with its dry wit and flavorful brand of drama. A hybrid of The Godfather and a normal, run-of-the-mill sitcom family, The Sopranos created a new experience for its audience and quickly developed a legion of loyal dedicated fans. Winner of numerous Emmys, the show follows the lives of the Soprano family headed by Tony Soprano (James Gandolfini), a middle-aged family man and mafia boss. Tony is joined by his two children Anthony and Meadow (Robert Iler and Jamie Lynn Sigler), his wife Carmela (Edie Falco), his therapist Dr. Jennifer Melfi (Lorraine Bracco), and a band of mafia characters too numerous to mention. Far from the glamour life often portrayed in the movies, The Sopranos is one show you won't want to miss...

The Sopranos (Season 3) DVD offers a number of dramatic episodes including the season premiere "Mr. Ruggiero's Neighborhood" in which the Soprano family continues their daily routine, completely unaware that the FBI is plotting an intricate scheme to bug their house. Meanwhile, Tony begins some plotting of his own when Patsy begins asking too many questions about his brother's death... Other notable episodes from Season 3 include "Fortunate Son" in which Tony learns that his panic attacks are partly due to genetics and past events from his childhood, and "He is Risen" in which Tony's problems with Ralphie bubble to surface when Ralphie doesn't get the promotion he hoped for...

Below is a list of episodes included on the Sopranos (Season 3) DVD:

Episode 27 (Mr. Ruggiero's Neighborhood) Air Date: 03-04-2001 Episode 28 (Proshai, Livushka) Air Date: 03-04-2001 Episode 29 (Fortunate Son) Air Date: 03-11-2001 Episode 30 (Employee of the Month) Air Date: 03-18-2001 Episode 31 (Another Toothpick) Air Date: 03-25-2001 Episode 32 (University) Air Date: 04-01-2001 Episode 33 (Second Opinion) Air Date: 04-08-2001 Episode 34 (He is Risen) Air Date: 04-15-2001 Episode 35 (The Telltale Moozadell) Air Date: 04-22-2001 Episode 36 (To Save Us All from Satan's Power) Air Date: 04-29-2001 Episode 37 (Pine Barrens) Air Date: 05-06-2001 Episode 38 (Amour Fou) Air Date: 05-13-2001 Episode 39 (Army of One) Air Date:

05-20-2001
